Stack's Bowers Galleries presents the

August 2017 U.S. Currency Auction

With the American Numismatic Association World's Fair of Money

It's unfathomable that it has been a year since our last ANA World's Fair of Money sale! With over 825 U.S. currency lots offered, the 2017 sale will rival last year's in terms of exciting material, and will encompass the spectrum of areas of interest for American bank notes.

This catalog will showcase an incredible collection of Confederate paper money: *The Cleo Collection of Confederate Currency*. Our consignor began building this collection over 50 years ago. The collection's core typeset includes 72 handpicked notes that are sure to be missing from even some of the most advanced Confederate collections. Some of these pieces are finest graded, including the T-27 in PMG 30 (the finest PMG has seen), and a T-32 \$5 in a PMG AU 50 holder.

As always, we present a very strong showing of National Bank Notes. One of our most important highlights of this sale is an 1882 \$10 Brown Back Serial Number 1 from Deadwood, South Dakota. This note came to us from a Pennsylvania estate, accompanied by a group of other lightly circulated but nondescript large size notes. It has taken 123 years for this banknote to surface for bidding to the public, and it will likely be decades more until a similarly special Deadwood piece trades hands again. Other important National Bank Notes we are offering include a 1902 \$10 Serial Number 1 Red Seal from Bellingham, Washington as well as a 1902 \$10 Red Seal from Spearfish, South Dakota.

Our 2017 World's Fair of Money U.S. currency sale is also highlighted by an important offering of high denomination small size notes. Perhaps one of the most valuable notes in our sale is a fully original 1928 Atlanta \$5000. PCGS has only graded six pieces for the catalog number, and this note is the second finest, with the best being a 45PPQ. This Fr.2220-F represents a much more challenging year to find than its 1934 counterpart. Also in this section, a Philadelphia Finest Known Fr.2200-C. 1928 \$500 Federal Reserve Note is offered.

Other notable pieces include a Confederate \$1000 1861 T-1 in PMG EF 40, an 1869 \$20 Rainbow note, and an 1882 \$50 Gold Certificate. However, as is usually the case, the list of important notes offered in the sale is too extensive for this introduction, so please be sure to look through the entire catalog. We look forward to seeing you in Denver and wish the best of success to all bidders and consignors!

Enjoy the paper,

Peter A. Treglia

Note, no serial number box engraved nor serial numbered by hand. Fully accomplished Fourth of Exchange for '29,000' Livres Tournois (an immense sum) and dated '15' June 1779. Payable in '1782.' Signed lower right by **John Jay Prest.** [of the Continental Congress]. Lower left, signature of Chas. Thomson Secy. [as Secretary of the Continental Congress]. Left wide margin, 'Entered in the Treasury Office/ June 22, 1779' and signed by 'John Gibbons Adj. Gen.'

This is an amazing financial document on multiple fronts. It was authorized by the Continental Congress in June 1779 when earlier victories at Saratoga seemed to have been forgotten and the war was a struggle for the patriots. Inflation of paper money saw the initial May 10, 1775 \$1 notes now being revalued at 40 to 1. Paying the Continental Army was tenuous and the outlook was bleak. Meanwhile in France, Benjamin Franklin's diplomacy was negotiating essential financing, with some prospects still on the horizon. He was welcome and beloved in Paris and proved a charismatic presence at every turn. Secret agents, intriguers, and allies to the American cause surreptitiously dealt weapons through several channels, particularly Spain, an enemy of Britain, to arm Americans.

This exchange is the result of one of the most fascinating and least recounted stories of the American Revolution. It only exists as a footnote in mainstream American history. However, the players involved crafted an arms dealing conspiracy right out of Hollywood or a Tom Clancy novel. The book *Unlikely Allies* by John Richard Paul recounts the story in the greatest

detail, but here we will summarize the main points. While the certificate boasts a historic and rare signature of John Jay (First Chief Justice of the United States), it is the central part of the text that is most important and intriguing. Pierre-Augustin Caron de Beaumarchais was an integral component of a trio of men (of which the other two were Silas Deane of Connecticut and Chevalier D'Eon) who forged arms deals that were paramount in the ultimate Continental Army victories through Yorktown. Their spy craft, bravery and deftness helped save the American Revolution.

Prior to France entering the war officially, the King of France authorized Caron de Beaumarchais to orchestrate arms dealing through a phantom company based in Spain. The weapons needed to be paid for secretly and with Franklin's and the Continental Congress's knowledge, the plans were placed into action. From the American side, Franklin requested Silas Deane from Connecticut believing the British would not think him involved with spies due to his merchant status. Chevalier D'Eon wore disguises and was a cross-dresser, so he proved a successful flamboyant spy.

The money authorized to be paid by this Philadelphia issued certificate theoretically did not exist since these earlier arms deals were done secretly. Note the exchange was to be paid by Franklin at the Court of France. They could be countersigned by Caron de Beaumarchais as they are clearly created for him as international agent of the arms dealing. If the money was actually paid, the First is always the most likely to be returned explaining the existence of this "Fourth." This is fully issued and properly signed by the highest officials of the Continental Congress, John Jay and Charles Thomson. That in itself makes this an immensely important fiscal form. The fact that it is unlisted in Anderson is also important. Some light folds are noted, but the overall condition is truly superb-the paper is bright, the embossing is bold, and the signature of John Jay is simply magnificent.

Caron's life was somewhat unstable from its upper middle class beginnings, and just when he found himself amid growing debt and legal woes, this proved an effective way out. His involvement in the American Revolution helped to restore his civil rights. Caron's greatest claim to fame is not these activities, but his playwriting. He wrote the Figaro plays, comprised of *The Barber of Seville*, *the Marriage of Figaro* (adapted by Mozart), and *The Guilty Mother*.

This is just the second we have seen and the only one in this denomination. We sold a 29,000 Livres when it was previously unknown for \$32,900 in our 2012 ANA sale when it had a pre sale estimate of \$15,000 - \$25,000. While we do not expect a realization at that level this evening we most certainly believe it will reach or exceed our estimate.

OBSOLETE NOTES

Magnificent Rawdon, Wright, Hatch and Edson Advertising Sheet Impressive and Very Rare

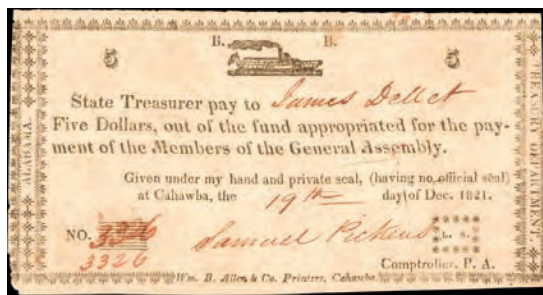

10010 Rawdon, Wright, Hatch & Edson Bank Note Engravers, New York. Advertising Sample Sheet. 1850s. Choice Very Fine. Immense single plate impression, approximately 26" x 35". Printed on India Paper, likely mounted on card as was typical, though we have not seen this one out of the elegant modern but period-style wood and gilt frame. Total outside dimensions are 37.5" x 47.25". A few small spots are seen upon close inspection and there has been some expert restoration of a few small apparent separations in the paper. Neither condition is at all unusual for these large and fragile pieces. In fact, this one faces up beautifully, featuring relatively bright white paper in nice contrast to at least two of the others we are aware of. This is one of a very rare class of engravers' sample sheets, as the typically seen sheets are in much smaller format and thus were much less ambitious undertakings by the firms that made them. We are aware of five different large-format sheet designs. Two bear the titles of Danforth, Bald & Co., and Danforth Wright, & Co., respectively. These are essentially identical designs other than the title change, but were printed as four panels and then assembled. We are aware of two examples from each title variant, though some are unassembled. Another of this four-panel style was by Rawdon, Wright, Hatch and Edson, though we have never seen it in print and know it only from having seen one of the four steel panels used to print it. We are aware of only one other large-format sheet printed from a single plate, and it is likewise known to us only by the steel plate itself, which we sold in our March 2007 (Stack's) sale. It bore the titles

of Rawdon, Wright & Hatch, New York as well as Rawdon, Wright, Hatch & Edson, New Orleans. Of these five designs, we have only seen three in print. All are great rarities.

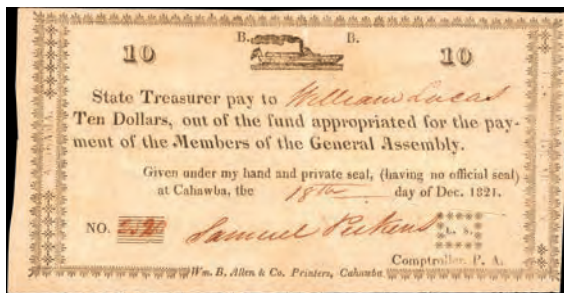

The present sheet is a magnificent composition and a fine showcase of the engraving firm's art. There are more than 200 individual engraved elements including portraits, historical scenes, coin vignettes and others, all elegantly arranged within and around a large urn-shaped cartouche. The urn is positioned atop a bank-note style advertising note bearing the titles of Rawdon, Wright, Hatch & Edson, and New England Bank Note Company. A large medallion portrait of George Washington, after the famed Houdon Bust, is the central design element and decorates the side of the urn's massive bowl. We are aware of five examples of this impressive sheet. We sold a rather deeply toned example in January 2011, and another resides in a private New England collection. Two were sold by R.M. Smythe & Co. One in 1995 and a second one in July 2006, a particularly clean example which brought \$19,550. It was described as having "three patches of toning." The color of this one is most similar to the 2006 Smythe example and must be counted as one of the finest known survivors of this magnificent sheet. A superb display piece. Due to the size and fragile nature of this item, we recommend prospective bidders contact us for estimated shipping charges.

An interesting uncut strip of three private merchant's scrip notes drawn on the Bank of the State of Alabama at Tuscaloosa. R. Jemison, H.A. Snow, James Hogan and John O. Cummins were the principals of the operation. A large cow is seen on the 6 1/4 Cents note at the top. A bold horse is found on the 12 1/2 Cents notes. The 12 1/2 Cents notes also display the reverse of a Spanish 1 Real coin in the bottom right corner. Most of the notes we have seen from this issuer are remainders. The paper is bright and displays only light handling.
\$1,000-\$1,500

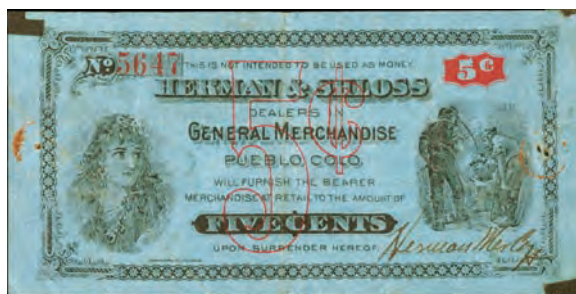

- 10015 Denver, Colorado. Colorado Telephone Company. January 1, 1890. 5 Cents. Choice Very Fine.** White paper. No imprint. 5 CENTS in top corners and in large counter at left. Company monogram at right. Large red 5 at center. Ornate printed back with 5 at center. "This is not intended to be used as money" at top on the face, though that is exactly what these small change scrip notes were used for during this time period in much of the western United States. The Colorado Telephone Company was formed in 1881 through the consolidation of several smaller Colorado phone companies. Today it is part of the Qwest Corporation owned by Century Link. An interesting early Colorado scrip issue "good for talks over toll lines" during the early days of telephone technology. Bold inks and just moderate circulation are noticed on this example.
\$1,500-\$2,500

- 10016 Denver, Colorado. Colorado Telephone Company. January 1, 1890. 15 Cents. Choice Very Fine.** White paper. No imprint. 15 CENTS at top left and right. 15 CENTS in counter at left. Company monogram at right. Large red 15 at center. Ornate back printed in blue with 15 at center. Stamped signature of E.S. Field at bottom right. This is the only example of this denomination that we have seen from the issuer. The paper is bright and displays just even circulation. The printed design elements are boldly inked. No doubt a rare Colorado scrip piece.

Mining scenes at base of decorative columns at left and right. Undated but likely from the late 1880s or early 1890s. This note and the following 10 cent example are the only notes we have seen from this rare issuer printed on blue paper. Light circulation is seen along with pinholes and minor areas of rust near the left and right edges. Minor hinge remnants are seen in three corners. Herman & Shloss were dealers in general merchandise and were in business in Pueblo until at least the early 1910s.

\$1,000-\$1,500

Essentially identical to the previously offered 5 cent note in terms of design and layout. Well circulated but with still hearty paper. Pinholes and minor rust seen near left and right edges. Hinge remnant near bottom center. Small split at left. Still a rare piece of early Colorado scrip.

The Cleo Collection of Confederate Paper Money

It is our great honor to present a fantastic collection of Confederate Paper Money assembled as part of a decades-long collecting journey by a husband and wife who shared a love for the notes and for the thrill of the hunt.

Our consignor began building this collection in the early 1960s. He bought his first Montgomery note from Grover Criswell at a small show in South Carolina around 1962. That first note, a T-3 \$100, is offered in our auction tonight. Criswell sold it to the young collector for \$800, allowing him to put \$200 down and pay \$200 a month. He even let the collector take the note home with him that day. This chance meeting inspired the young man to try to complete the full type set.

Over many years the man and his wife traveled to shows and auctions around the country adding pieces to the collection. Each trip was an adventure that brought new memories and new friends. One such memory was a trip to Richmond to bid in the 1987 NASCA auction featuring the collection of Dr. Douglas Ball. After successfully chasing a number of items in the auction, the couple realized they had spent all of their money and had to go home a day early!

The final result of the many years spent searching for, acquiring and upgrading notes is The Cleo Collection of Confederate Paper Money, so named in loving memory of our consignor's wife. It is among the finest complete type sets of Confederate Treasury Notes we have ever seen. It is a true monument to the couple's appreciation for this historic currency series and a testament to their dedication to finding exemplary specimens of each type.

The Cleo Collection's core typeset features 72 handpicked notes, each selected for their tremendous appeal in terms of cut, color, paper quality and overall beauty. There are a number of notes in the set that are either the single finest graded example or are extreme condition rarities.

Among these finest-graded rarities are the T-27 1861 \$10 in PMG Very Fine 30 (the finest graded by that service), as well as the T-31 1861 \$5 in PCGS Choice About New 58 and the T-32 1861 \$5 in PMG About Uncirculated 50, both of which are the single finest graded examples by a wide margin. Numerous other notes are simply stunning examples of their type, exhibiting quality seen only perhaps once in a decade.

Our consignor has decided that the time has come for a new generation of collectors to appreciate and enjoy these notes, hoping that they bring as much joy and pride to their new custodians as they did to him and his family. We would like to extend our sincere appreciation to him for his friendship and for his entrusting these notes to Stack's Bowers for auction.

Extremely Fine T-1 \$1000 Montgomery

10089 T-1. Confederate Currency. 1861 \$1000. PMG Extremely Fine 40 Net. Repaired. No. 59. Plate A. One of the earliest acquired notes in the collection, this beautiful T-1 \$1000 was purchased directly from Grover Criswell in the 1960s and has been off of the market ever since. This National Bank Note Company produced note was issued from New Orleans on June 17th, 1861 by Assistant Confederate Treasurer A.J. Guirot as seen through the neatly penned manuscript on the back of the note. The printed inks are sharply presented with the portraits of John C. Calhoun and Andrew Jackson seen in excellent detail. The intricate green tint that these Montgomery notes are so well known for is vibrant and boldly

inked. Neatly penned issuing signatures of Register Alex B. Clitherall and Treasurer Edward C. Elmore are observed on the face. The cut is tight but not into the design as is usually seen for this type. The uncanceled paper is mostly bright. PMG has noted "Repaired" on the back of the holder. There is well executed restoration around the handwritten "May" on the face and in the upper right corner. Just 607 examples of this type were issued and today less than 150 are known to survive. This example is among the most desirable notes available in terms of condition and overall aesthetic appeal.

Stunning Montgomery \$500

10090 T-2. Confederate Currency. 1861 \$500. PMG Very Fine 30. No. 195, Plate A. One of the true Gems of the *Cleo Collection*, this 1861 \$500 Montgomery note displays beautiful color and excellent paper quality for the type. The T-2 is one of the most popular notes in the Confederate series not only for its rarity but for their true artistic beauty as well. Ceres, the goddess of agriculture is seen in the lower left. The James Smillie engraved central vignette is titled *The Crossing* and features a steam locomotive with cars in tow crossing a bridge over a river with cattle watering themselves as a horsemen looks on. Bold green security and border prints are seen along with intricate die counters at top left and right. The penned

signatures of actual Register Clitherall and actual Treasurer Elmore remain bold. The back features an elegant issuing manuscript from Assistant Confederate Treasurer A.J. Guirot who issued the note from New Orleans on June 22, 1861. The uncanceled paper is exceptionally cut with full frame lines and plenty of top and bottom margin present. A true anchor note to build a top notch type set around and one of the finest this cataloger has seen. Purchased directly by our consignor from the legendary Confederate dealer Grover Criswell.

About Uncirculated \$100 Montgomery

10091 T-3. Confederate Currency. 1861 \$100. PMG About Uncirculated 50 Net. Closed Pinholes, Previously Mounted. No. 1488, Plate A. The National Bank Note Company produced these high quality \$100s using patented steel plates and 1,606 were issued. Ceres, Goddess of Agriculture, is seen at left. A wonderful scene of a steam locomotive with passenger cars waiting at a depot is seen at center. Vibrant green border and protector inks are seen along with bright uncanceled paper. Well penned signatures of Clitherall and Elmore are

also found. This example displays an issuing manuscript on the back from Assistant Quartermaster Ferdinand Malloy who issued this note June 17th, 1861. A lightly circulated and very appealing example of this first Confederate \$100 note. This was also our consignors first Montgomery note. It was purchased directly from Grover Criswell when they first met at a small show in the early 1960s.

The T-4 is the last of the four Confederate treasury notes to be issued while the Confederate capital was located in Montgomery. These were high quality notes produced by the National Bank Note Company and bore interest at a rate of one-half cent per day. 1,606 examples of this type were issued and today less than 200 are known to survive. This lightly circulated \$50 comes on bright, clean paper and features vibrant green inks. The signatures of

Clitherall and Elmore are neatly penned and clearly legible. This note was manuscript issued by a Captain Williams, Assistant Commissary of Subsistence on June 21, 1861. A small cluster of pinholes are seen near center as mentioned by the grading service. They affect very little though. This is one of the nicer T-4s we have seen in a while.

About Uncirculated T-10 Finest Graded Example

10098 T-10. Confederate Currency. 1861 \$10. PMG Choice About Uncirculated 58. No. 44432, Plate A. PF-15. Over 170,000 of the Hoyer & Ludwig printed 1861 \$10s were issued and this example is the single finest graded by either PMG or PCGS. In fact it is the only T-10 to be certified as About Uncirculated or better. This type was a workhorse note and many found are heavily circulated. In fact, T-10 is rare seen in grades above Fine. The example here is a personal favorite of the consignor's and comes on thick bond paper that experienced

only light handling rather than real circulation. The small 10 counter is seen at top left and "for" is handwritten by the signer over "Treasr." The grading service notes "Restoration" on the back of the holder. That appears to be limited to a small area at the top center of the note. Likely the best example of a T-10 you will ever see.

Choice Very Fine T-11 Finest PMG Graded Example

10099 T-11. Confederate Currency. 1861 \$5. PMG Choice Very Fine 35. No. 22081, Plate B. PF-2. One of the best T-11s that is likely to come onto the market for some time. Just 73,355 examples of this Hoyer & Ludwig produced \$5 were issued and today this type is rare in grades above Very Good. Most display some form of repair. The present example comes fully framed and darkly printed on paper that experienced just a moderate amount of circulation. This note is free of any

repairs. Just a few pinholes and small edge tears can be seen as noted on the back of the holder. This rare plate B variety displays an extra "f" before the "for Treasr" near the bottom right corner. Acquired by our consignor from the collection of Dr. Douglas Ball as lot #445 of the September 1987 NASCA auction. This was Dr. Ball's finest example of the type.

Boldly Printed T-12 “Manouvrier”

- 10100 T-12. Confederate Currency. 1861 \$5. PMG Choice Very Fine 35.** No. 1034, Plate G. These 1861 Fives are commonly known as “Manouvriers” after their printer Jules Manouvrier of New Orleans. Though they were the only 1861 Confederate notes to feature a printed back, the design was considered to be simplistic and easily counterfeited by the Confederate Treasury Department. Only one shipment of notes was received from the printer and no additional orders were made. Just 15,556 T-12s were issued. Many that survive today are well worn and in the range of Very Good to Fine. Even when these notes approach the Very Fine range they are often dark and show little of the blue printed back design. The note offered here is boldly printed and exceptionally well cut. The back is far above average in terms of the boldness of the blue printed back which in this case is as deep blue as any you are likely to find. An excellent representation of this scarce type. The grading service mentions “Minor Repairs” on the back of the holder. They appear to be in the left end panel of the note.

- 10101 T-13. Confederate Currency. 1861 \$100. PMG Choice Uncirculated 64.** No. 11510, Plate AK. Full frame lines and dark inks are featured on this Choice Hoyer & Ludwig \$100. The design elements are sharply presented and the issuing signatures are well penned. A small contemporary annotation is seen on the back at right as mentioned by the grading service.

- 10102 T-14. Confederate Currency. 1861 \$50. About Uncirculated.** No. 25000, Plate A2. A boldly inked Hoyer & Ludwig printed 1861 \$50 that features full frame lines and neatly penned signatures. An old school Uncirculated note that is handled just enough to be considered AU by today's standards.

Choice Very Fine and Uncancelled Southern Bank Note Company \$50

10103 T-15. Confederate Currency. 1861 \$50. PMG Choice Very Fine 35 EPQ. No. 11227, Plate A. Type 15 is one of the most popular types in Confederate Currency collecting and is part of the popular Southern Bank Note Company series. These were high quality notes printed by engraved steel plates on thick red fiber paper. The design features Ceres, goddess of agriculture at left and Justice holding a sword and scales at right. A steam powered passenger train chugs past a waterfront in the central vignette. A bold vermillion tinted protector is centered near the bottom. This type is rare in uncanceled grades above Fine. This example is truly exceptional for the type as it comes fully framed on uncanceled paper that displays just light traces of circulation. The printed inks

are bold and the handwritten issuing signatures are darkly penned. Making this note even more interesting is a red validation stamp "91262" at top center. It is believed these stamps represented that a note had been verified as genuine on the date of the stamp, in this case September 12, 1862. The penned signature of a William B Hamilton is found on the back of the note. Further research should be done to determine if this is a military or civilian endorsement. This is the highest grade note PMG has certified to receive and EPQ designation.

Choice Uncirculated and Fully Framed T-17 Tied for Finest Graded

- 10105 T-17. Confederate Currency. 1861 \$20. PMG Choice Uncirculated 64 EPQ.** No. 24295, Plate A. PF-2. A vibrantly colored and beautifully printed Hoyer & Ludwig 1861 Twenty. Liberty with pole and cap is seen at left. Three allegorical females representing Agriculture, Commerce and Navigation are seen at center. This example features the long green underprint which extends over and past Liberty's head. Brilliant green color is retained in the underprint. The paper is bright and fully original. T-17s are typically found poorly

cut however this note displays full frame lines throughout. The For Register and For Treasurer signatures are neatly penned and free of any ink erosion. PMG has graded two notes at the 64 EPQ level while PCGS has graded just a single note at the 63 PPQ level with none finer. A fantastic example of this lovely type and a note destined for a long term elite level collection.

Dazzling T-19 \$20

- 10107 T-19. Confederate Currency. 1861 \$20. PMG Choice Very Fine 35.** No. 5115, Plate A. One of the great notes produced for the Confederacy by the Southern Bank Note Company of New Orleans. Minerva is seated to the left. Navigation is seated at center by a globe and charts. A blacksmith with hammer and anvil stands at right. These 1861 \$20s were fundable in 8% stock or bonds. While rare in any grade with just 14,860 issued, unimpaired Very Fine and better T-19s are truly hard to find and often very tightly held. Brilliant color

is featured on this lightly circulated example which is among the finest T-19s we have handled. The all important protector retains all of its original brilliance. Bright, uncanceled paper is seen while the sharply printed design is fully framed. A wonderful option for any high end type set and likely an upgrade for many.

\$7,000-\$10,000

- 10108 T-20. Confederate Currency. 1861 \$20. Very Fine.** No. 15211, Plate 4. While not one of the collection's higher grade notes this 1861 \$20 is boldly inked with near full frame lines. The high grade example which was part of the original set actually turned out to be a very well executed contemporary counterfeit.

- 10109 T-21. Confederate Currency. 1861 \$20. PMG About Uncirculated 55 Net. Previously Mounted.** No. 2413, Plate Y. This example is printed on paper watermarked CSA in bold vertical block letters. There is some minor mounting remnants seen near the back top edge as mentioned by the grading service. Still a pleasing note in a grade not often seen for the type.

Excellent color is displayed by this 1861 \$10 which is part of the popular Southern Bank Note Company series. Thetis is found at left holding the scepter of Neptune. A Native American family is seen at center overlooking a town. A woman stands at right holding an ear

of corn and a large X. This T-22 experienced only moderate circulation and is found on bright, uncanceled red fiber paper that was worthy of PMG's coveted EPQ designation.

Choice Very Fine T-23

- 10111 T-23. Confederate Currency. 1861 \$10. PMG Choice Very Fine 35. No. 9170, Plate A1. These Leggett, Keatinge & Ball produced Tens were based on notes of the same denomination issued by the Mechanics Savings Bank of Savannah, Georgia. The man at bottom left is bank president John Elliot Ward who was ironically opposed to secession and fled north

at the start of the war. This is a difficult type to located in problem-free Very Fine or better. The example offered here displays still strong orange protector color along with bright, lightly circulated paper that is free of any cancellation.

T-35 counterparts were not held from circulation for interest redemption. Survival rates for these notes are less than 2%. Today fewer than 120 T-27s are known to survive. Darkly Inked T-35 “Indian Princess”

- 10123 T-35. Confederate Currency. 1861 \$5. PMG Very Fine 25 Net. Repaired.** No. 4774, Plate Ab. One of the toughest “Big Six” notes to find and usually one of the last holes remaining in a Confederate type set under construction. These 1861 \$5 notes were produced by Hoyer & Ludwig. They were printed on eight note sheets with four notes being T-35s and four notes being Ab plate T-27 1861 \$10s. Just 7,160 notes were issued for the type. Today around 140 are known to exist. It is unknown exactly why so few notes were emitted given the time and effort that would have gone into preparing the plate. Most speculate that the plate must have failed and it was easier to move to a new design rather than to prepare another plate. These notes came on poor quality paper and

many T-35s are plagued by impairments resulting from heavy wear. This example comes darkly printed on strong paper. The lithographed design elements display sharp details not always seen on T-35s. The all-important “Indian Princess” is displayed in full detail. Full margins are found on this note which is uncanceled and well signed. The repairs appear to be limited to small areas of prior mounting on the back left and right of the note. PMG has graded just one note at the Very Fine 30 level while PCGS has graded no notes above Very Fine 25. An excellent example of this rare type.

Just around 36,000 of these erroneously dated September 2, 1861 Twos were issued before the plates were corrected to the June 2, 1862 issue date. Scarce T-47 Fantasy Note

- 10135 **T-47. Confederate Currency. 1862 \$20. PMG Very Fine 25 Net. Repaired, Previously Mounted. Fantasy Note.** No serial number, Plate N. PF-2. There is little agreement as to exactly what T-47 and its T-48 counterpart really are. It is almost unanimously agreed that these were not regularly authorized Treasury Note issues. Some believe the notes were essays or patterns proposed for future issuing. Others theorize that they are some sort of non-governmental issue. In any case these notes have long been sought by collectors as part of a traditional 72 note type set. The \$20 here exhibits only moderate wear with some small edge repairs and evidence of old style stamp hinges in the corners. This example displays the "checkered shield" variety displayed on page 350 of the Fricke reference.

- 10169 Fr. 18. 1869 \$1 Legal Tender Note. PMG Choice Uncirculated 63 EPQ. These “Rainbow,” notes of the 1869 series are often graded by collectors and dealers with an additional caveat, color. This note gets high marks in that regard with deep blue tinted paper at left of center, dark green under-prints and a bold treasury seal. Original paper is easily identified and just a tight lower right is likely the only limiting factor in grade.

\$2,500-\$3,500

- 10175 Fr. 28a. 1880 \$1 Legal Tender Note. PCGS Very Fine 35 PPQ. A new variety has recently been discovered on the 1880 \$1 Legal Tender note bearing the Scofield-Gilfillan signature combination. The variety is the engraved "Series of 1880" which is located in the top back margin. This engraved date is only on very early issued Fr. 1880 \$1's and is not seen on the Fr. 29 through 33 1880 \$1 Legal Tender Notes. PCGS has only graded two examples in all grades and this is the first example to be auction with this newly designated Fr. number. The new cataloging number is confirmed and will be added in the next addition of *Paper Money of the United States* 21st edition that should be out early in 2018. Our estimate is purely a guess and we would not be surprised if it is surpassed.

Free from circulation and seen with still nice original embossing, leaving us curious as to why an "EPQ," designation was not applied.
\$600-\$800

- 10178 Fr. 31. 1880 \$1 Legal Tender Note. Very Fine 35PPQ. One of the nicest mid grade notes we have ever offered on this better Large Spiked Seal with Blue Serial Numbers variety. Well centered with spectacular original and eye appeal.

single catalog number on the design and PMG has graded only a two in this grade with just one finer. Deeply embossed overprints are seen against perfectly white paper and picture perfect margins. PMG Pop 1/none finer.

\$7,000-\$9,000

- 10180 Fr. 40. 1923 \$1 Legal Tender Note. PCGS Gem New 65 PPQ. A popular one catalog number type with this Speelman - White signature combination the only one used for the series. Mostly identical in design to the One Dollar Silver Certificates of the 1923 series but seen with the typical red inks utilized on Legal Tender Notes of the time period. Strong embossing of the overprints along with nice centering help justify the assigned grade.

\$600-\$800

- 10181 Fr. 40. 1923 \$1 Legal Tender Note. PCGS Very Choice New 64 PPQ. Deeply embossed overprints, strong print clarity and near Gem centering on this popular 1923 red seal type.

\$600-\$800

- 10182 Fr. 41. 1862 \$2 Legal Tender Note. PMG Choice About Uncirculated 58. This barely circulated early Two Dollar Legal Tender Note rivals the appeal of Gem material we have handled as the centering is terrific when compared to the norm and the ink quality superb. We see a light corner bend at the lower right and just a single pinhole in the portrait with the latter being mentioned by PMG in the comments section of the holder.

\$3,000-\$4,000

- 10183 Fr. 41. 1862 \$2 Legal Tender Note. PMG Extremely Fine 40. A truly scarce grade for this early Two Dollar design type in that most offered are either quite well circulated or seen with problems. This note is neither as it retains strong detail throughout and pleasing borders.

\$1,500-\$2,500

- 10184 Fr. 42. 1869 \$2 Legal Tender Note. PMG Very Fine 25. PMG mentions "Minor Repairs" on this otherwise attractive and colorful 1896 \$2 Rainbow.

\$1,000-\$1,500

- 10185 Fr. 42. 1869 \$2 Legal Tender Note. PCGS Extremely Fine 40 PPQ. This Two Dollar denomination is quite challenging and does not often turn up in lightly circulated and original states and this offering is just that. Close inspection shows nicely embossed overprints and just faint and even circulation.

\$3,000-\$5,000

- 10186 Fr. 47. 1875 \$2 Legal Tender Note. PCGS Extremely Fine 40. A type that is not often seen in this grade. The inks are sharp and the paper remains bright.

\$1,250-\$1,750

- 10187 Fr. 48. 1878 \$2 Legal Tender Note. PCGS Very Fine 35 PPQ. A peach of a lightly circulated note, these 1878 \$2's are seldom seen in this grade. Bright inks, good centering and amazing eye appeal are seen.
\$700-\$900

- 10188 Fr. 52. 1880 \$2 Legal Tender Note. PCGS About New 53 PPQ. A very well inked 1880 Jefferson deuce which exhibits lovely detail of the popular United States Capitol building vignette at center. Dark ink tones make up the reverse design and only a hint of circulation prevents an Uncirculated grade.
\$700-\$900

- 10189 Fr. 56. 1880 \$2 Legal Tender Note. PCGS Gem New 66 PPQ. A fresh note that has strictly original paper and embossing of this small Red Seal and blue serial numbers on top of nice large even margins.
\$1,250-\$1,750

- 10190 Fr. 61c. 1862 \$5 Legal Tender Note. PMG Very Fine 30. An evenly circulated example of this early Five Dollar type. PMG mentions "Small Tears," in the comments section of the holder.
\$600-\$800

- 10191 Fr. 63a. 1863 \$5 Legal Tender Note. PCGS Choice About New 58. This early Five has amazing ink colors and superb margins for the grade and type. Some very light stains are noticed on the bottom margin which is most likely the reason the note receive the PPQ designation.
\$1,250-\$1,750

PCGS Gem New 66 PPQ "Rainbow" Five Dollar Legal Tender

10192 Fr. 64. 1869 \$5 Legal Tender Note. PCGS Gem New 66 PPQ. A significant offering on this always highly regarded series with high-end Gem material such as this being particularly important. The 1869 series Legal Tender Notes have been dubbed "Rainbow Notes," by collectors as the security features implemented create a trifecta of color that mimics the natural phenomena. Dark blue tinted paper is found at the left of center on these Five Dollar notes and a

green under-printing along the top is standard fare for the One to \$10 denominations. A large red spiked treasury seal completes the color scheme and when available at these Gem levels the appeal is typically memorizing, which is the case here. Large even borders and dark inks wring out every bit of detail of the ornate face and back designs.

\$7,000-\$9,000

10193 Fr. 64. 1869 \$5 Legal Tender Note. PMG Choice Uncirculated 63. The first series to incorporate this long tenured "Wood Chopper," design type with this 1869 series also garnering the "Rainbow," moniker by collectors. This example is quite colorful and suffers only from some minor edge damage at the upper right which is also mentioned by PMG in the comments section of the holder.

\$1,500-\$2,500

10194 Fr. 64. 1869 \$5 Legal Tender Note. PMG Choice Uncirculated 63. A note with the initial appeal of a Gem as the color and centering are terrific at the face. Just a few pinholes at the left center and low back centering are all we can determine to be the limiting factor in grade.

\$1,500-\$2,000

- 10195 Fr. 67. 1875 \$5 Legal Tender Note. PMG Choice About Uncirculated 58. Series B. A more challenging variety of this 1875 date and this note retains remarkable color and appeal throughout with just a touch of circulation.
\$700-\$900

- 10196 Fr. 68. 1875 \$5 Legal Tender Note. PCGS Gem New 65 PPQ. An ideal example, the very definition of Gem 65, displaying excellent colors, margins and original paper.
\$2,000-\$3,000

- 10197 Fr. 69. 1878 \$5 Legal Tender Note. PCGS Choice About New 55 PPQ. Quite appealing with bright overprints which complete the "floral," design look made famous with this series. The note carries the general design of the "pioneer family," at center from the 1869 issue. This vignette was ultimately well regarded and was in use from the 1869 issue up until the late 1920's with the later signed 1907 issues.
\$800-\$1,200

- 10198 Fr. 74. 1880 \$5 Legal Tender Note. PCGS New 62. Couple of corner folds not into the design are the cause for the assigned grade. The note is deeply embossed and strictly original.
\$600-\$800

- 10199 Fr. 77. 1880 \$5 Legal Tender Note. PCGS Very Fine 30. A "sleeper" note with just 93 notes known according to Tack and Price. Well centered with excellent colors, this note represents the perfect mid grade example.
\$700-\$900

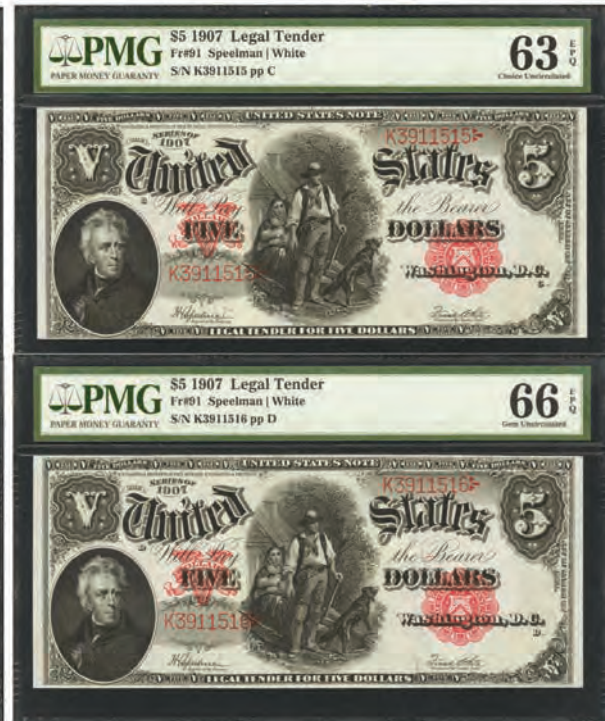

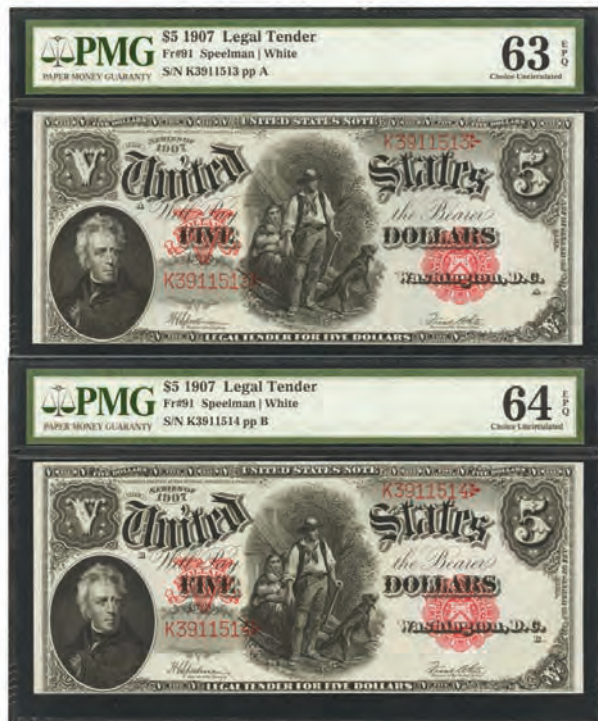

- 10200 Fr. 79. 1880 \$5 Legal Tender Note. PCGS Choice About New 58 PPQ. The cherry red seal and deep blue serial numbers contrast nicely against the frosty white paper.
\$600-\$800

- 10201 Fr. 82. 1880 \$5 Legal Tender Note. PMG Choice Uncirculated 64 EPQ. A pack fresh example of this 1880 Legal Tender design that showcases the popular “Wood Chopper,” design as nicely as one could ask for. Stunning originality throughout certainly made it easy for PMG to apply their coveted “EPQ,” designation. Large margins and centering that would make it hard to argue against a point higher grade.
\$1,000-\$1,500

- 10202 Fr. 91. 1907 \$5 Legal Tender Note. PCGS Gem New 65 PPQ. Locating Gem examples of this popular Five Dollar “Wood Chopper,” design is always a challenge as they are some of the most avidly collected Legal Tender designs available. Nice margins for this catalog number are mentioned as the norm is usually very tight borders. A perfect addition to any collection of Gem large size notes.
\$600-\$800

- 10203 Lot of (4) Fr. 91. 1907 \$5 Legal Tender Notes. PMG Choice Uncirculated 63 EPQ to Gem Uncirculated 66 EPQ. Cut Sheet. Cut sheets of large size notes are always a spectacular item with this A through D group all showing in a Choice Uncirculated grade or better. A popular “Wood Chopper,”

design and all notes are found with strong embossing and excellent appeal. Two certified at the 63 EPQ level, a single 64 EPQ and a Gem Uncirculated 66 EPQ example. Quite the quartet.

\$2,500-\$3,500

10204 Fr. 95. 1863 \$10 Legal Tender Note. PMG About Uncirculated 50. A terrific lightly circulated example of this scarce 1863 dated \$10 Legal Tender design. These notes are scarce in any condition and particularly so above the Very Fine grade level. The circulation is light enough that we

cannot determine the location looking through the holder and the color is quite bold throughout all printed features. Just some minor stains at the back left margin which is also mentioned by PMG in the comments section of the holder.

\$2,000-\$3,000

High End Gem 1869 \$10 Rainbow

10205 Fr. 96. 1869 \$10 Legal Tender Note. PCGS Gem New 66 PPQ. A completely vibrant note which will provide the collector with endless appeal. Fresh white paper gives a unique radiance to the well defined seal, blue tinted paper and

green under-printing. Nice centering and margins balance the design and with PCGS only graded three examples finer for this popular type, we will expect spirited bidding.

\$20,000-\$30,000

- 10206 Fr. 96. 1869 \$10 Legal Tender Note. PMG About Uncirculated 55. Strong color of the popular “Rainbow,” theme is seen on this offering as the blue paper, green under-print and red treasury seal are all quite bold. It seems just a light vertical fold and top left corner tip fold accounts for the grade along with a small rust spot at left and resulting pinhole which is also mentioned by PMG in the comments section of the holder as “Pinhole, Minor Rust.”
\$2,000-\$3,000

- 10208 Fr. 113. 1880 \$10 Legal Tender Note. PCGS Gem New 65 PPQ. The last signature combination on this “Jackass,” design type prior to the 1901 \$10 series replacing it. Stunning quality throughout makes it easy to see why PCGS Currency applied a Gem New designation.
\$2,000-\$3,000

- 10207 Fr. 107. 1880 \$10 Legal Tender Note. PMG Superb Gem Uncirculated 67 EPQ. 880 \$10 “Jackass” Ten Dollar Legal with large Treasury seals always offer appeal that is welcomed by collectors, especially so in higher grades. This remarkable note showcases the timeless design in the most appealing way according to PMG as they have yet to grade an example any better. Ruby red overprints are deeply embossed into the paper with easy viewing when looking through the holder. The margins are near perfect and frame the design with authority. A quick look at both the PMG population report shows that for all catalog numbers of the design none have merited a grade

higher than the Superb Gem Uncirculated 67 EPQ level. A design that landed the number six spot in the book "100 Greatest American Currency Notes," by Q. David Bowers and David M. Sundman and for great cause as the westward expansion vignette and portraits are a visual treat. Truly a must have for any advanced type note collector seeking only the finest available material.

Finest Certified 1923 Poker Chip \$10 Legal Tender

10215 Fr. 123. 1923 \$10 Legal Tender Note. PCGS Superb Gem New 67 PPQ. One of the highlights of the sale and a note that is always near the top of collector want lists. It is popular enough that it landed a number 46 spot in the book "100 Greatest American Currency Notes," by Q. David Bowers and David M. Sundman. Locating examples of this design can be quite difficult as there was just a signature combination used, being Speelman - White. This catalog number commands a strong price in even mid-grades and locating examples finer is scarce. Notes at the Gem level are rare and pieces at this

Superb Gem state are even more so. PCGS has graded a scant five pieces at this Superb Gem New 67 PPQ level with none finer and being a core design in any large size collection, the demand is certainly higher than the supply. The quality is outstanding on this plate E offering with stunning color of the overprints and supreme clarity of both the face and back impressions. Frame like centering is observed and perfectly original paper throughout is easily noticed. An important piece of United States financial history.

\$30,000-\$40,000

10217 Fr. 126. 1863 \$20 Legal Tender Note. PMG Very Fine 30. Twenty Dollar notes from this 1862-63 series are simply scarce to rare and more of the later when offered in problem free states for the assigned grade, such as this offering. The attention from collectors to this type is always strong as their offerings are few and far in between and attractive mid-grades notes like this simply do not show up enough to satisfy demand. Prices for Extremely Fine or better material is significantly higher than the normal trend for large-size notes on this early design.

\$4,000-\$6,000

Large even margins attest to the grade as well as the bright colorful inks. The note is clearly original as the embossing can be seen through the intricate reverse design and third party grading holder. We

see a small rust speck in middle of the treasury seal which is most certainly the reason for the elimination of the "PPQ" designation which will only save the buyer tens of thousands of dollars as without this minor imperfection this note would easily fetch in the \$40k plus range.

\$20,000-\$30,000

We have only had the privilege of offering one example for this catalog number, a PCGS Fine 15 in 2010 which we sold for \$25,300. The visual appearance of this note is quite pleasing as it has retained good color of

its iconic floral design found on these 1875 and 1878 series notes. The iconic portrait vignette of Lincoln at the upper left is welcomed along with a pleasing right vignette of allegory representing Architecture. Some repair work is noted along the top and bottom margin as well as the back center along with some very minor rust spots on the back. Single Finest Graded by Either Service

10321 Fr. 1133-A. 1918 \$1000 Federal Reserve Note. Boston. PCGS Extremely Fine 40 PPQ. A monumental high denomination large size offering and one of the highlight of tonight's auction. This newly discovered 1918 \$1000 Federal Reserve Note on the Boston district becomes just the fifth known note for the catalog number and is the finest of that limited group. One note is forever unavailable to the collecting community which is the serial number A16149A piece that is held by the Smithsonian Institution. This is essentially the highest denomination still legal tender large size note that is collectible as \$5000 and \$10,000 notes are unknown in private hands. The last Boston \$1000 Federal Reserve Note to sell at public auction was a PMG Very Fine 30 graded note which saw aggressive bidding in a January 2017 sale and ultimately realized \$51,700. This certainly superior note should easily eclipse that figure.

With any district considered this powerful high denomination design is scarce at this grade level and downright rare when attributed with a Premium Paper Quality designation. A look for PMG graded "EPQ," designated notes from all districts reveals just four pieces to have qualified, being An Atlanta and Chicago note in Extremely Fine 40 EPQ and a pair of Gem graded Cleveland notes. PCGS has similar results with nine notes earning their "PPQ," designation. The design styling of the note follows trend from the lesser denomination of this series with intricate yet basic styling. The back renders one of the most stunning representations of our national bird with wings spread. The A4315A serial number is by far the lowest of the known population and shows in a detailed blue color. The rarity and quality of this offering are a magnificent combination and an opportunity that will not be replicated in the near future as the winning bidder of this lot will certainly hold this note dearly.

\$80,000-\$120,000

Fr. 1133-L 1918 \$1,000 Federal Reserve Note

10322 Fr. 1133-L. 1918 \$1000 Federal Reserve Note. San Francisco. PMG Very Fine 30. Net. Restoration. A design type which always receives strong attention from collectors when offered. The \$1,000 denomination is highly scarce without regard to type and these 1918 Federal Reserve Notes are virtually the only way to obtain them for a price under six figures regardless of grade. The present piece offers still detailed inks throughout the face and back designs. The note

shows one of the more appealing depictions of our national bird at the center of the back with spread wings and talons clutching our nation's flag. Only few areas of professional repair at the lower margin is mentioned on this otherwise original note. Still heavy body remains in the paper stock and material any finer quickly escalates in price.

\$20,000-\$30,000

PCGS Superb Gem 67 PPQ \$10 Gold Certificate

- 10323 Fr. 1173. 1922 \$10 Gold Certificate. PCGS Superb Gem New 67 PPQ.** All large size notes at this lofty Superb Gem grade level are rare and this \$10 1922 Gold Certificate design is certainly no exception. The note is simply stunning from a technical standpoint with features that even the fussiest of collectors could appreciate. Stunningly bold overprints give a strong impression to the metal that once backed this note as well as the vibrant orange color at back. Picture frame-like centering and margins further the credibility of the assigned grade. Certainly a piece that will stand out significantly among mere Uncirculated material.
\$6,000-\$8,000

- 10324 Fr. 1178. 1882 \$20 Gold Certificate. PCGS Very Fine 30 PPQ.** A grade not typically seen for this type as they are typically either very well worn or nearly perfect. This bright Very Fine note offers the appeal of a higher end piece with a more reasonable cost compared to them. Well margined, excellent colors front and back and nicely embossed.
\$2,000-\$3,000

- 10325 Fr. 1178. 1882 \$20 Gold Certificate. PCGS Very Fine 25.** This appealing 1882 Gold Certificate shows the last signature combination for this design type before the Technicolor notes of 1905 were introduced. Even circulation and problem free for the grade.
\$1,250-\$1,750

- 10326 Fr. 1179. 1905 \$20 Gold Certificate. PMG Choice Very Fine 35.** One of the prized designs within any collection of United States Currency are these 1905 series \$20 Gold Certificates. It is the first display of this long tenured basic design styling which ultimately carried over some features to the small size \$20 notes from 1928 until 1995. The distinguishing features for this note when compared to the later 1906 and 1922 series notes is the use of red overprints and vivid gold under-prints. The note is so popular with collectors that it landed the number nine spot in the book "100 Greatest American Currency Notes," by Q. David Bowers and David M. Sundman. A near Extremely Fine note by grade and seen with lovely centering and color with PMG commenting as such on the later.
\$5,000-\$7,000

- 10327 Fr. 1187. 1922 \$20 Gold Certificate. PCGS About New 53 PPQ.** Just a pair of vertical folds and mostly handling on this bright and fully original \$20 Gold Certificate.

Rare Fr. 1192 \$50 Gold Certificate

10328 Fr. 1192. 1882 \$50 Gold Certificate. PMG Very Fine 30. A rare large brown seal variety on this 1882 Gold Certificate series with Track & Price showing just 20 examples listed in their census information. Four of that total are permanently impounded in institutional collections forever unavailable to collectors. This Very Fine 30 graded note is the only piece graded at this level by PMG and just two pieces grade finer with an Extremely Fine 45 EPQ note being the best available. The most recently offered in auction was the PMG 45 EPQ note which brought \$188,000 in our August 2014 ANA sale. This Very Fine note shows quite closely to that piece in terms of appeal and will be had for a significantly lower cost. PMG mentions "Minor Restorations," in the comments section of the holder which are nearly undetectable unless viewed under heavy scrutiny.

The 1882 series Gold Certificates across all denominations are revered by collectors and typically the later varieties incorporating the small red scalloped treasury seal are all that are routinely available. All that show with large treasury seals are scarce to rare and this Rosecrans - Huston large brown seal is just that. Appealing gold under-prints are seen at the face providing protectors at the serial numbers and the large word "GOLD," at top center. The all important back design shows printed in the famous orange color of large size Gold certificates with ornamental design features and the frequently seen Bald Eagle which in this case is at right with wings spread. A note that will certainly gather significant attention from collections.

\$17,500-\$27,500

- 10329 Fr. 1199. 1913 \$50 Gold Certificate. PMG Very Fine 25. The last signature combination utilized on this 1913 series date and quite a bit more challenging than the later 1922 variety of this design. This date is typically seen in very low grade and this problem free mid-grade example will certainly be welcomed by collectors.

- 10330 Fr. 1200am. 1922 \$50 Gold Certificate. PMG Very Fine 30. \$800-\$1,200

Rare Fr. 1330 Allison-New 50 Cents

10339 Fr. 1330. 50 Cent. Third Issue. PCGS Gem New 65 PPQ. A gorgeous example of the extremely rare, hand-signed Allison-New variety. Terrific color on both sides, bright bronzing and excellent original paper surfaces. This note is signed by John Allison as Register and John New as Treasurer. They served in office together from June 30th, 1875 to January 7th, 1876, long after the discontinuance of the Third issued notes. It is

believed these notes were never intended to be signed and issued for circulation but because they were legal signers the notes became legal tender. Most of the small amount of notes known are Uncirculated, but this is by far the nicest we have ever offered.

\$6,000-\$8,000

10340 Fr. 1346. 50 Cent. Third Issue. PMG Choice Uncirculated 63. A sharply printed 50 Cent Justice with excellent bronzing. The grading service comments "Vivid Details, Great Colors" as well as "1 Pin Like Hole." We assume this is an early PMG holder. The tiny hole is more likely a paper fault as it is too small to be a pinhole. A well embossed and crisp Third Issue note.

\$600-\$800

Choice to Gem Original Pack

- 10341 Lot of (40) Fr. 1308. 25 Cents. Fifth Issue. Choice to Gem Uncirculated. Original Pack. An impressive offering of this 25 Cent design in an original bundle of \$10 comprising 4 notes. The printing is particularly bold on this example showing some of the most well defined and dark inks we have seen for the design. Nice embossing is easily viewed through the holder and we would be unable to argue against a point higher grade.
\$10,000-\$15,000

10395 Fr. 2211-A. 1934 \$1000 Federal Reserve Note. Boston. PCGS Gem New 66 PPQ. One of the highlights of this impressive small-size high denomination collection is this Gem New 66 PPQ Boston light green seal. All light green seal notes are scarce in Gem regardless of district and this near Superb Gem offering shows all the technical quality one would expect for the grade. Stunning color of the overprints,

fine detail in the portrait of Grover Cleveland and other primary details and terrific centering. A look at the PMG population report confirms the rarity at this grade level with them having certified a single note at the 66 EPQ level. This opportunity is likely one that several collectors have been patiently waiting for so bid accordingly.

\$2,000-\$3,000

Finest Graded Philadelphia 1934A \$1000 FRN

10399 Fr. 2212-C. 1934A \$1000 Federal Reserve Note. Philadelphia. PMG Gem Uncirculated 66 EPQ. Locating any \$1000 Federal Reserve Note at these lofty Gem levels is scarce and when offered the collector interest is always substantial. The present example is one of just two at this 66 EPQ level that PMG has graded with none finer. Careful examination reveals attributes that one would expect for the

grade from nicely embossed overprints to great centering and margins. With the 1928 and 1934 series considered on this district as well the 66 grade is only represented by this note and the other previously mentioned 66 EPQ note. Certainly an item that will be actively pursued by collectors looking for the best of available material.

\$15,000-\$25,000

Rare PMG Superb Gem Uncirculated 67 EPQ \$1000 Note

10400 Fr. 2212-H. 1934A \$1000 Federal Reserve Note. St. Louis. PMG Superb Gem Uncirculated 67 EPQ. Offerings of this coveted \$1000 design at this Superb Gem level are rare which is confirmed by PMG having only graded 10 pieces at the 67 EPQ level for the 1928, 1934 and 1934A series. This note is one of just two for this 1934A St. Louis variety and the quality is readily viewed through the encapsulation surface.

The note retains all the appeal that was present at the day of printing and separates itself further by showing picture perfect centering of both the face and back impressions. Fully original paper helps cement the "EPQ" designation and we are sure that advanced collectors will be very active when this note comes across the auction block.

\$20,000-\$30,000

Fully Original Atlanta 1928 \$5000 PCGS Very Fine 30PPQ

10401 Fr. 2220-F. 1928 \$5000 Federal Reserve Note. Atlanta. PCGS Very Fine 30 PPQ. The 1928 series notes are vastly more scarce than their 1934 counterparts. PCGS has graded a scant six pieces for the catalog number. It lands as the second finest on the PCGS population report, the finest a 45PPQ. The note is beautifully centered with robust margins at all sides making an excellent frame to the powerful design. Deep green overprints are noticed with a large amount of original

embossing evident looking through the holder. Finding original examples that receive the PPQ designation is a feat all in itself as the majority of notes graded are either problematic or no longer original. Altogether a note which will highlight any collection it enters and be a piece forever cherished by the numismatic community for generations to come.

\$125,000-\$175,000

- 10413 Fr. 2405. 1928 \$100 Gold Certificate. PMG Choice Uncirculated 63. The note faces up with Gem appeal with nice centering of the face impression and well defined gold overprints. The back shows sharp detail of the central vignette portraying Independence Hall. Public occurrences at major auction for this denomination are seldom found at these grade levels and when offered the bidding is always spirited.
\$8,000-\$12,000

- 10414 Fr. 2405. 1928 \$100 Gold Certificate. PCGS About New 50. We are unsure why PCGS did not assign it the PPQ designation because it appears to be completely original with outstanding embossing and paper originality. Regardless of grade, this is a perfect mid grade example that will certainly please any small size collector.
\$2,000-\$3,000

- 10415 Fr. 2405. 1928 \$100 Gold Certificate. PMG Extremely Fine 40 EPQ. ERROR NOTES

- 10417 Fr. 1935-J. 1976 \$2 Federal Reserve Note. Kansas City. PMG About Uncirculated 55 EPQ. Inverted Overprint. A highly desirable and scarce Two Dollar error with this dramatic Type I inverted overprint showing just a center fold and mostly handling to account for the circulation. Fully original paper is easily identified looking through the encapsulation surface and with Uncirculated examples of this error fetching lofty premiums this attractive lightly circulated note will certainly appeal.
\$1,250-\$1,750

- 10419 Fr. 1959-B*. 1934C \$5 Federal Reserve Star Note. New York. PCGS Very Fine 30. Misaligned Back. Errors from the 1934 series are scarce and this remarkable replacement note error will certainly entice collectors. A dramatic shift of the back design towards the bottom. Just light and even circulation is observed.
\$750-\$1,250

- 10418 Fr. 1226. Third Issue. 3 Cents. PCGS Very Fine 25. Inverted Back. A rare inverted back error for fractional currency and this evenly circulated example is problem-free for the grade. Seldom offered as fractional currency errors are scarce with any error type considered.
\$600-\$800

- 10420 Fr. 2097-A. 2013 \$20 Federal Reserve Note. Boston. PCGS Extremely Fine 40 PPQ. Mismatched Serial Numbers. Common logic would lead one to believe that older errors are rarer and more valuable than modern misprints. However, it is quite the opposite when talking about mismatches. We have been spoiled by the large availability of 1957B \$1 silver mismatches; and some other older small head federal reserve note mismatches are relatively plentiful. But any mismatch specialist can tell you that finding a modern big head mismatched serial number is quite tough. In fact, we could only find a couple of auction results for any \$20 mismatch from 1996 and newer. Of the meager sample we could find, both of those were single digit mismatches. The note offered here is a double-digit mismatch. A premium should certainly be added for that extra pizzazz. It is our understanding that the BEP has technology in place now that makes mismatches easy to catch before release. That is why they are so rare today, but other overprints and related errors are still found at a high frequency. MA 54552690B/MA54547690B.
\$3,000-\$5,000

- 10421 Fr. 1935-B. 1976 \$2 Federal Reserve Note. New York. PMG Choice Uncirculated 64. Mismatched Serial Number. A desirable Two Dollar error note that shows with a single digit mismatch of the serial numbers. Still pleasing embossing is seen through the holder leaving us curious as to why an "EPQ," designation was not applied.
\$500-\$700

Dramatic Cutting Error

- 10422 Lot of (2) Fr. 1991-A. 2003A \$5 Federal Reserve Notes. Boston. PCGS Choice About New 58 PPQ. Cutting Errors. An incredible consecutive pair of fold over cutting errors. This error occurred when the sheet was folded over after the printing process but just prior to cutting. Amazingly, both of these notes passed the inspection process and is now available to the collecting community. The most dramatic we have ever offered.
\$1,500-\$2,500

- 10423 Fr. 1920-C. 1993 \$1 Federal Reserve Note. Philadelphia. PMG Very Fine 30 EPQ. Web Note, Printed Fold Over. A rare web produced error note that is one of the more dramatic we can recall handling. A printed fold over at the lower left resulted in the third print being applied to the back of the note. Just even circulation is found along with strictly original paper.
\$800-\$1,200

NATIONAL BANK NOTES

- 10424 Ashland, Alabama. \$10 1902 Plain Back. Fr. 626. The First NB. Charter #9580. Fine.** A terrific Clay County charter note with only five notes shown in the Track and Price census. This note has the initial appeal of a Very Fine as strong signatures are retained and even circulation is mentioned. The back is unfortunately seen with some tape residue and a few small areas of lifted paper. Even with the aforementioned setbacks, this note will certainly see great interest from bidders.

\$1,000-\$1,500

Attractive Holbrook Large Size

- 10425 Holbrook, Arizona. \$5 1902 Plain Back. Fr. 609. The First NB. Charter #12198. PMG Very Fine 25.** A significant addition to a previous total of 11 known large size per Track & Price. Of those 11 others all but two are in Very Good or worse states with the exceptional of a single Fine note. This Very Fine note will certainly be adored by collectors as it has been nearly 10 years since a finer example than this has been offered publicly. Even circulation throughout and still visible, albeit faded, signatures. The First National Bank in Holbrook was the sole issuer of National Currency for this small Navajo County town.

\$3,000-\$5,000

Rare Arcata California National

- 10426 Arcata, California. \$5 1902. Fr. 603. The First NB. Charter #10372. Very Fine.** An important California offering and the First National Bank of Arcata was the only institution to issue National Banknotes in this Humboldt County town. Track and Price shows just four examples in their census information with this serial number not being among them. Terrific Very Fine Quality is seen and strong signatures are welcomed. Just a pair of small internal tears and some minor stains are mentioned for accuracy. Of those known this is the sole Plain Back now available with the others all being 1902 Date Back varieties. The last to sell on this charter was a \$10 1902 Date Back which fetched \$7,475 in an Extremely Fine grade in a January 2008 sale.

\$4,000-\$6,000

- 10427 San Francisco, California. \$5 1870. Fr. 1136. The First National Gold Bank. Charter #1741. PMG Choice Fine 15.** These National Gold Bank Notes are some of the most iconic National Banknotes available and also a type as a whole. Denominations over \$10 are truly rare and the amount of Five and \$10 notes is simply not enough to satisfy the demand. Even more challenging is locating problem free offerings on this design as most have been restored at some point. This note has been spared that fate and retains fully problem free paper for the assigned grade. Near Very Fine quality and still strong overprints and particularly nice detail of the array of gold coins depicted at back.

\$2,000-\$3,000

- 10428 San Francisco, California. \$10 1870. Fr. 1142. The First National Gold Bank. Charter #1741. PMG Fine 12.** A more difficult \$10 denomination for this coveted National Gold Bank design and always a highlight within any collection. This piece saw heavy use in commerce but still retains more than adequate appeal with bold overprints, pleasing signatures and only a pair of small problems mentioned by PMG in the comments section of the holder as "Retouched, Minor Thinning."
\$4,000-\$6,000

- 10429 San Francisco, California. \$5 1902 Red Seal. Fr. 587. The American NB. Charter #6426. Very Fine.** A scarcer type and denomination from this large size only issuing San Francisco Bank. This is just the fifth \$5 Red Seal reported. A nice pleasing very fine with completely original paper.
\$1,250-\$1,750

- 10430 Loveland, Colorado. \$10 1929 Ty. 2. Fr. 1801-2. The First NB. Charter #13624. Very Fine.** One of the more desirable Colorado charters are this notes from Loveland on Larimer County. This example retains problem free paper for the grade and nice overall appeal as well. It has been a few years since an offering on this bank with the last, save for a number one note, being another \$10 Type II bringing \$862.50 in a January 2012 sale. One of just 13 available per Track and Price.
\$800-\$1,200

- 10431 Falls Village, Connecticut. \$20 1929. Fr. 1802-1. The National Iron Bank. Charter #1214. PMG Very Fine 20.** A scarce Litchfield County charter and the appealing institution name also is popular with collectors. With just under 20 known small-size notes occurrences are seldom at public auction and this Very Fine grade is about as nice as one can expect to see with just a single Extremely Fine note showing as the best example per the Track & Price census.
\$900-\$1,200

- 10432 Hartford, Connecticut. \$5 1902 Red Seal. Fr. 587. The Hartford NB. Charter #1338. PMG Gem Uncirculated 65 EPQ.** These 1902 red seal notes are rare at this Gem Level and certainly this Connecticut note will impress. Magnificent print quality in all respects gives endless detail to the Five Dollar design and bold banking signatures complete the look. Terrific centering and a note that will certainly be an upgrade to any collection.
\$2,500-\$3,500
From the Yuri Solovey Collection.

Rare Fort Myers 1902 Five Dollar Plain Back

- 10433 Fort Myers, Florida. \$5 1902 Plain Back. Fr. 600. The First NB. Charter #9035. PMG Very Fine 25. This note is a much needed addition to just a previous quartet of large size known for this First National Bank of Fort Myers per the Track & Price census. Public offerings of the scant few large size notes is as one can expect, very seldom and the last to sell publicly

was a PMG Very Fine 30 \$10 Plain Back which brought \$11,162 in a January 2013 sale. This Five Dollar note is of nearly the same quality as it retains strong banking signatures and mostly even circulation, save for some stains which is mentioned by PMG in the comments section of the holder.

\$10,000-\$15,000

Finest of Six Known

- 10434 Jacksonville, Florida. \$5 1902 Date Back. Fr. 593. The Fourth NB. Charter #9628. PCGS Extremely Fine 40. This note represents just one of now six notes known for this particular Jacksonville bank. The bank issued only Dates Backs from its inception in 1909 and closed its doors just four short years later. The Fourth National Bank was located in the vacated Atlantic National Bank quarters in the Dyal-Upchurch building. The president of the bank and signer John E. Harris was also the vice president of Flynn-Harris-Bullard

Co. Interestingly enough he had his brother Tyndall P. Harris sign this note in pencil which can be seen on the right inside boarder. This note has been in the Harris family since it was passed down from Mr. Harris to the current consignor. The signatures are a little light but visible and the paper quality and eye appeal is simply outstanding. We would expect this note to easily meet or exceed our low estimate.

\$10,000-\$15,000

- 10435 Blackfoot, Idaho. \$20 1902 Plain Back. Fr. 650. The First NB. Charter #7419. PMG Very Fine 25. A splendidly named Idaho town in Bingham County and this 1902 \$20 plain back becomes just the 12th known large size per the Track and Price census. It also becomes just one of two \$20 large size notes and this Very Fine 25 note is the finer of that pair. Still pleasing appeal despite the banking signatures having faded away. PMG mentions "Trimmed, Splits," in the comments section of the holder.
\$1,250-\$1,750

- 10436 Carrollton, Illinois. \$5 1875. Fr. 404. The Greene County NB. Charter #2390. PCGS Very Fine 35. Quite appealing with vivid inks, excellent signatures and light circulation. A perfect mid grade first charter \$5 example. PCGS Comments "Small Edge Repair at Top Left."
\$800-\$1,200

- 10437 Carrollton, Illinois. \$5 1882 Value Back. Fr. 574. The Greene County NB. Charter #2390. PCGS Choice About New 58. Locating any Value Back note from 1882 with this much appeal is a challenging and this note retains strong embossing, bold signatures and nice centering. We cannot see what the limiting factor in grade is, nor the reason PCGS Currency did not apply their "PPQ" designation. A great piece that will save a nice premium over Gem material at little to no cost in terms of appeal.
\$1,500-\$2,000

- 10438 Charleston, Illinois. \$10 1902 Plain Back. Fr. 624. The First NB. Charter #763. PMG Choice Uncirculated 63. An impressive offering on this Coles County charter with this \$10 Plain Back being one of a small group of high grade examples known. Nicely embossed and seemingly all that prevented an "EPQ" designation from PMG is a small stain at the extreme upper right corner tip.
\$800-\$1,200

- 10439 LaSalle, Illinois. \$10 1882 Value Back. Fr. 577. The LaSalle NB. Charter #2503. PCGS Very Choice New 64. A remarkable Value Back type on this County Seat town of LaSalle that borders about as close to a Gem grade as possible. We clearly see strong embossing of the overprints on original paper and the centering is certainly worthy of a point higher grade. We feel the sole limiting factor is the pink penned signatures are slightly faded.
\$2,000-\$3,000
From the Yuri Solovey Collection.

- 10440 Lincoln, Illinois. \$1 1865. Fr. 382. The First NB. Charter #2126. PMG Choice Uncirculated 63 EPQ. This "A" position note is the first lot of a cut sheet we are offering for these scarce Original Series designs. The present piece is a lovely Choice Uncirculated example and offers original paper throughout and lovely detail. Bold overprints are seen with a type one small spiked Treasury seal. The Lincoln name and connection are everlastingly popular with collectors.
\$3,000-\$4,000
From the Yuri Solovey Collection.

- 10441 Cedar Rapids, Iowa. \$20 1882 Date Back. Fr. 555. The Merchants NB. Charter #2511. PMG Uncirculated 62. This note comes from a small trove of high grade \$20 date backs and the present example retains deeply embossed overprints and stunning detail throughout. Just a touch of rust at the bottom margin is seen and mentioned by PMG in the comments section of the holder. A terrific representation of the type without the hefty price tag associated with Gem material.

\$1,250-\$1,750

- 10442 Charles City, Iowa. \$5 1882 Date Back. Fr. 532. The First NB. Charter #1810. PMG Choice Very Fine 35. A popular Floyd County town that certainly will appeal to collectors looking for towns associated with common first names. The quality is certainly pleasing and the note is a simply horizontal fold away from being an Extremely Fine. Bold signatures at both the Cashier and President title and also with the low banking serial number of 15.

\$1,500-\$2,500

- 10443 Waterloo, Iowa. \$100 1902 Date Back. Fr. 698. The First NB. Charter #792. Very Fine. One of the nicer \$100 Date Backs known on this popular Iowa bank. The note is seen with excellent centering and colors. Signatures are a tad light but still visible.

\$1,000-\$1,500

- 10444 Emporia, Kansas. \$2 1875. Fr. 390. The First NB. Charter #1915. PMG Very Fine 20. Here is an important denomination, regardless of grade, for National Currency. This Kansas note shows desirable blue tinted paper at the left center. Impressively, the signatures have remained strong enhancing the overall eye appeal of this beauty.

\$3,000-\$4,000

From the Yuri Solovey Collection.

- 10445 Parsons, Kansas. \$50 1902 Plain Back. Fr. 679. The First NB. Charter #1951. PMG Very Fine 25. This is one of only 15 \$50 Plain Backs recorded from all banks in Kansas, and the only known Plain Back on this institution that elected to only print \$50 and \$100 notes starting with the Third Charter period and into Small size. The bank was chartered in 1872, and operated throughout the entire National Banking era. Pen signatures in blue and black catch one's eye on this problem free example. PMG notes "Internal Tear" which is very minor and does not take away from the overall eye appeal of the note.

\$1,500-\$2,500

- 10446 Elizabethtown, Kentucky. \$5 1882 Brown Back. The First NB. Charter #3042. PMG Very Good 10. A great Hardin County name of Elizabethtown and this Brown Back is a new addition to a previous five known on the bank. Typical circulation for the grade but free from any netting defects. Strong penned signatures remain and it will likely be some time until another offering of this charter occurs at a public sale.

\$1,250-\$1,750

- 10447 Lexington, Kentucky. \$10 1882 Brown Back. Fr. 483. The Phoenix NB. Charter #3942. PMG Choice Very Fine 35 EPQ. light and even circulation are both observed and this Kentucky brown back is one vertical fold away from a full Extremely Fine grade. Strong original paper and sharp signatures. A difficult state to secure this type from.
\$1,000-\$1,500

- 10448 New Orleans, Louisiana. \$20 1929 Ty. 2. Fr. 1802-2. The Hibernia NB. Charter #13688. PMG Gem Uncirculated 65 EPQ. An important note from a small run of high-grade \$20 Type II notes on this bank. Stunning technical quality throughout for the grade.
\$1,000-\$1,500

- 10449 Portland, Maine. \$2 Original. Fr. 387. The Canal NB. Charter #941. PMG Very Fine 20. This gorgeous Lazy Deuce is seen with blue treasury numbers, strong signatures and lovely eye appeal. This is the 2nd \$2 original known on this bank and just 39 known for the entire state.
\$5,000-\$7,000

- 10450 Portland, Maine. \$5 1882 Brown Back. Fr. 469. The National Traders Bank. Charter #1451. PCGS Choice About New 58 PPQ. This note is part of a terrific higher grade collection of large size nationals and the quality here will not disappoint. Just a small corner tip fold at the upper left is seen as the limiting factor in grade and original paper throughout quickly gives credibility to the assigned "PPQ" designation by PCGS Currency. This note is one of just 14 known large size on the bank and also is the last to have sold publicly, bringing \$1,725 in a June 2012 sale.
\$2,000-\$3,000

From the Yuri Solovey Collection.

- 10451 Baltimore, Maryland. \$5 1902 Date Back. Fr. 590. The NB. Charter #1432. PMG Gem Uncirculated 66 EPQ. This 1902 Date Back is certainly among the finest available regardless of location. The note retains deeply embossed overprints, strong signatures and great centering. A particularly bold impression of the back design is observed which gives a crystal clear look not typically found. A perfect fit for the collector of Gem large size looking to illustrate this Five Dollar date back design.
\$2,000-\$3,000

Serial Number One Mt. Rainier \$20 Plain Back

- 10452 Mount Rainier, Maryland. \$20 1902 Plain Back. Fr. 661. The First NB. Charter #12443. PMG Very Fine 25. Serial Number 1. An exciting addition to the census for this Prince Georges town of Mount Rainier Maryland and one that becomes the only serial number one note known. Becoming just the seventh known for the bank with all being 1902 Plain Backs and this now one of two \$20 denominations. All but a single Extremely Fine \$10 note are in Fine or worse

grades, save for this mid-grade number one note. Still legible signatures at the banking titles and overall even circulation is observed. PMG mentions "Retouched," in the comments section of the holder which we cannot locate looking through the holder. Certainly a likely upgrade to even the finest of collections.

\$7,000-\$9,000

- 10453 Boston, Massachusetts. \$2 1875. Fr. 392. The Boston NB. Charter #408. PMG Fine 12 Net. Repaired. This lazy deuce has retained nice color and eye appeal for a well traveled example. A pair of minor edge repairs are noted at left that affect nothing. Some small internal tears are also noted at center, most likely from the note being spindled. This is a wonderful opportunity for those seeking a lazy deuce who might be excluded due to the price point of a higher grade example.

\$1,750-\$2,750

- 10454 Lowell, Massachusetts. \$5 1882 Brown Back. Fr. 477. The Union NB. Charter #6077. PMG Choice Extremely Fine 45. Although not a rare charter for large size notes in terms of numbers known this offering makes its significance in variety and condition. The note becomes just the sixth brown back known according to our records and just the second Five Dollar denomination. The quality is leaps and bounds beyond the other brown backs known with the next finest being a single low end Very Fine \$10 note. Strong detail and bold signatures throughout with appeal strong enough that PMG added the comments "Great Embossing and Color." The note likely missed an "EPQ," designation due to a very small spot stain at the top center.

\$1,000-\$1,500

- 10455 Lowell, Massachusetts. \$10 1882 Value Back. Fr. 577. The Union NB. Charter #6077. PCGS Very Fine 35PPQ. An highly underrated type and denomination for this state, as the current census only stand at 20 examples, with half from this bank alone. The note is seen with excellent paper originality, signatures and eye appeal.

\$1,000-\$1,500

- 10458 Grand Rapids, Michigan. \$20 1882 Date Back. Fr. 555. The Grand Rapids NB. Charter #2460. PCGS New 62 PPQ. This note is just a larger bottom margin away from a lofty Gem grade as all other technical aspects are stunning. Deeply embossed overprints, pristine clarity of the design and bold signatures. A great item on the state of Michigan from a popular city.

\$2,000-\$3,000

From the Yuri Solovey Collection.

- 10456 Webster, Massachusetts. \$5 1882 Date Back. Fr. 534. The First NB. Charter #2312. PCGS Choice New 63. This gorgeous 1882 Date Back note on Webster Massachusetts shows the appeal of a Gem note with large even borders, strong impressions of the design and bold overprints. The only limiting factor we can deduce is the Cashier signature is not 100% sharp. Still a great opportunity to secure this design in high grade.

\$1,750-\$2,750

- 10457 Detroit, Michigan. \$5 1882 Brown Back. Fr. 477. The Commercial NB. Charter #2591. PCGS Very Choice New 64. This note is part of a significant collection of strong eye appeal large size nationals we are offering and the present Detroit Five Dollar Brown Back exemplifies that statement. Wonderful print quality in all facets with centering that would suggest a point higher grade.

\$2,000-\$3,000

From the Yuri Solovey Collection.

- 10459 Uncut Sheet of (6) Columbus, Mississippi. \$5 1929 Ty. 2. Fr. 1800-2. The Columbus NB. Charter #10738. PMG Choice About Uncirculated 58 EPQ. One of the few uncut sheets known for Mississippi. A lovely sheet that shows just one fold between the third and fourth note. Well centered and completely fresh.

\$2,500-\$3,500

Serial Number 1 \$5 Original

10460 California, Missouri. \$5 Original. Fr. 1712. The Moniteau NB. Charter #1712. PMG Extremely Fine 40. Serial Number 1. This amazing \$5 original has been off the market since its last sale in an Hickman-Oaks auction in 1985 where it realized \$1451. It is also just one of four First Charter serial number 1's known on the entire state of Missouri. The note

displays full margins, bold inks and excellent signatures. A text book three fold EF with the appeal of a higher grade. With under 50 serial number 1 1865 \$5 first charters known and seldom offered, our estimate is just a guess and we would not be surprised if it reached or exceeded our high estimate.

\$8,000-\$12,000

10461 King City, Missouri. \$10 1882 Brown Back. Fr. 484. The First NB. Charter #4373. PMG Choice Extremely Fine 45. Brown backs on Missouri are difficult with any charter considered and this King City note shows remarkable appeal of this desirable \$10 design. Just faint circulation is seen and still bold detail throughout the design, overprints and

signatures is mentioned. An internal tear at the bottom center and an annotation at back left in pencil is observed with the former being mentioned by PMG in the comments section of the holder.

\$1,250-\$1,750

- 10462 Paris, Missouri. \$20 1882 Value Back. Fr. 581. The Paris NB. Charter #5794. PMG Choice Extremely Fine 45. All \$20 Value Back notes from the 1882 series are scarce, regardless of charter. This Missouri note will certainly fit nicely into any collection as it shows the design with strong detail throughout. Minimal circulation and just faded banking signatures to mention.

\$1,500-\$2,500

- 10463 Fort Benton, Montana. \$10 1902 Plain Back. Fr. 627. The Stockmens NB. Charter #4194. PMG Very Fine 30. A new addition to the census, this \$10 Plain Back is just one of 16 notes known on this scarce Chouteau county bank. Lightly circulated with good signatures, this note will sure please its new owner.

\$3,000-\$5,000

- 10464 Cozad, Nebraska. \$5 1929 Ty. 2. Fr. 1800-2. First NB. Charter #13426. PMG Choice Very Fine 35 EPQ. This Dawson County charter of Cozad was known by just 20 small-size prior to this new addition to the census. The quality is also superb with original paper and great centering. Certainly a note which could rival the pair of Extremely Fine notes in the census as the best available.

\$600-\$800

- 10465 Omaha, Nebraska. \$50 1929 Ty. 1. Fr. 1803-1. The Omaha NB. Charter #1633. PMG Choice Uncirculated 63. An important high-grade and high denomination Nebraska offering with this \$50 note showing stunningly bold inks and nice embossing which leaves us curious as to why PMG did not apply an "EPQ" designation.

\$600-\$800

- 10466 Ord, Nebraska. \$5 1882 Brown Back. Fr. 468. The First NB. Charter #3339. PMG Very Fine 25. An important Nebraska offering which is a new addition to the Track and Price census. The note is also the first 1882 Brown Back note known by us with just 1902 Date Backs and newer designs listed in census information. An important single digit number two banking serial number and still bold penned signatures. Some are observed and mentioned by PMG in the comments section of the holder.

\$2,000-\$3,000

- 10467 Ely, Nevada. \$10 1929 Ty. 2. Fr. 1801-2. The Ely NB. Charter #9310. Fine. This highly scarce Ely note on White Pine County Nevada is always a treasure to handle. The example offered here is from a lovely state collection of \$10 type II nationals. Just a few edge nicks but overall appealing for the grade.

\$1,000-\$1,500

- 10468 Claremont, New Hampshire. \$5 1902 Plain Back. Fr. 602. The Peoples NB. Charter #4793. PCGS Extremely Fine 45. Of the 24 total large size notes known on this Sullivan county bank, this is by far the finest, and first time ever being offered for public sale. Excellent signatures and ink tones are seen on this overall peach.

\$700-\$900

- 10469 Portsmouth, New Hampshire. \$1 Original. Fr. 380a. The New Hampshire NB. Charter #1052. PMG Very Fine 20. This newly discovered note brings the total census to 20 large size notes. This is just the second Ace known and the finest by couple of grades. PMG comments "Tears" which are really small margins nicks and have no negative visual effect on this overall attractive note.

\$2,000-\$3,000

Rare 1902 \$5 Alpha, NJ

- 10470 Alpha, New Jersey. \$5 1902 Plain Back. Fr. 609. The Alpha NB. Charter #12823. Very Fine. We sold this note last in 2010 where we described it as "There is perhaps no better title to represent 'A' in an alphabet-themed collection of Nationals, but this title is very rare and it was the only note-issuing bank in this Warren County town. Typical moderate wear, but no specific problems worthy of mention. The bankers' autographs are a little faded, but the note has nice ink tones and a very pleasant appearance. The bank was short-lived, operating from 1925 to 1933, and its circulated only just over \$205,000 in notes. As of closing in 1933, just \$655 was estimated to remain outstanding. It is likely that the remaining tough years of the Great Depression ferreted out most of the surviving notes, and thus what is known today is not likely to expand. There are only 12 notes reported in the Census on the bank, counting both large and small-size formats. This example will be an addition and the fifth recorded large-size example. It has been five years since a large-size note was offered on this title at public auction". That note sold for \$5,750 and was the last time a large size note has been offered from this bank. We would not be surprised if it were to exceed its last realized price.

\$5,000-\$7,000

- 10471 Atlantic City, New Jersey. \$20 1882 Brown Back. Fr. 504. The Chelsea NB. Charter #5884. PMG Very Fine 20 Net. Restoration. A great \$20 Brown Back from one of the most heavily collected areas of New Jersey. This is just one of two \$20 Brown Backs with a total of 18 notes known on the bank. The note is seen with good eye appeal and color. PMG comments "Restoration" which appears to be located in the lower right portion of the note.

\$1,750-\$2,750

- 10472 Belvidere, New Jersey. \$5 1882 Brown Back. Fr. 467. The Belvidere NB. Charter #1096. PCGS About New 50. This is just the fourth reported \$5 Brown Back on this popular Warren county bank. The note is seen with lovely margins, signatures and overall eye appeal.
\$1,500-\$2,500

- 10473 Bergenfield, New Jersey. \$5 1902 Plain Back. Fr. 606. The Bergenfield NB. Charter #11368. Very Fine. A rather scarce Bergen county bank with just 15 large examples reported to the current census. This note is seen with a tight bottom margin, but with solid stamped signatures. A couple of small rust spots are noted on the back for accuracy purposes only.
\$500-\$700

- 10474 Bridgeton, New Jersey. \$5 1902 Red Seal. Fr. 587. The Cumberland NB. Charter #1346. PMG Choice Uncirculated 63. A stunning New Jersey red seal on this Cumberland County bank and seen with strong embossing of the overprints and great color, with the later mentioned by PMG in the comments section of the holder. An important banking serial number of two at lower left and bold pennaed banking signatures.
\$2,000-\$3,000
From the Yuri Solovey Collection.

- 10475 Camden, New Jersey. \$50 1902 Plain Back. Fr. 675. The National State Bank. Charter #1209. PMG Very Fine 25. Chartered in 1865 as the National State Bank, the name was changed in June 1922 to that appearing on this note, then was changed again in 1927 to the First-Camden National Bank and Trust Company. There are only 29 \$50 Plain Backs recorded for all New Jersey banks combined. PMG comments "Internal Slit" which is a small "S" shaped cut.
\$1,000-\$1,500

- 10476 Freehold, New Jersey. \$1 1875. Fr. 383. The First NB. Charter #452. PCGS Very Fine 30. A pleasing offering of this 1875 Ace from a very scarce and desirable Monmouth county bank. This Freehold \$1 is seen with a light blue end paper hue along with superb signatures and overall eye appeal. While 10 notes are reported to the census, just two notes have ever been offered in public auction. Our estimate could very well prove to be conservative.
\$4,000-\$6,000

- 10477 Somers Point, New Jersey. \$5 1929 Ty.1. Fr. 1800-1. The First NB. Charter #12559. Very Fine. A rare one bank town which resides in Atlantic County. This key location is always one of the few that is missing in most comprehensive New Jersey collections. This note is highly attractive for the grade with problem-free paper and mostly even wear.
\$4,000-\$6,000

- 10478 Wyckoff, New Jersey. \$5 1929 Ty. 2. Fr. 1800-2. The First NB. Charter #12272. PMG Choice Fine 15. A scarce New Jersey charter with this offering being a new addition to a previous 10 known per Track & Price. Mostly even circulation is mentioned and the note is importantly free from any netting defects. A charter seldom available at public auction.
\$700-\$900

- 10480 Dexter, New York. \$10 1902 Date Back. Fr. 618. The First NB. Charter #8463. PMG Very Fine 25. A sorely needed addition to a prior seven known large size on this Jefferson County charter and this date back note is now one of just a pair available to collectors and by far the finer of the two. Nice detail and color of the overprints along with sharp penned signatures. Several pinholes are seen with back lighting and are also mentioned by PMG in the comments section of the holder.
\$1,000-\$1,500

- 10479 Uncut Sheet of (6) Canajoharie, New York. \$20 1929 Ty. 2. Fr. 1802-2. National Spraker Bank. Charter #13876. PMG Choice Uncirculated 64. This Montgomery county bank issued small size Type 2 notes only. There were only 3 uncut sheets known, the \$5, \$10, and this \$20 sheet all serial number 1-6. The \$5 sheet has since been cut up and dispersed through auction channels. PMG comments "Annotations" which are inspection initials that are always found between the fifth and sixth note in the margin. A really special item that should see some spirited bidding.
\$8,000-\$12,000

First Ever Offering Harrison, NY \$10 Plain Back

- 10481 Harrison, New York. \$10 1902 Plain Back. Fr. 635. The First NB. Charter #12601. PMG Very Fine 30 EPQ.** A truly rare note from this Westchester County bank. It issued Third Charter Plain Backs and 1929 Type 1 & 2's only. The total census population of just two pieces, with this being the finest and the first ever to be offered for public sale. The bank issued just \$205,000 when it opened its doors in 1924 and just \$640 remain outstanding according to records. The note is a

peach, having blast white original paper, excellent bold inks and virtually perfect signatures. The signers of this particular note was the assistant cashier and vice president of the bank, something that is usually seen on National Bank Notes. What it will bring tonight is anyone's guess, but the winner here will take home a true New York trophy item.

\$10,000-\$15,000

- 10482 Hempstead, New York. \$50 1929 Ty.1. Fr. 1803-1. The First NB. Charter #4880. PMG Very Fine 30.** A scarce Nassau County high denomination National and this mid-grade offering retains nice appeal through even circulation and problem free paper for the grade.

\$600-\$800

- 10483 Ithaca, New York. \$10 1865. Fr. 409a. The First NB. Charter #222. PMG Very Fine 30.** An important addition to the known census as prior to this offering just three notes from the Original 1865 series were known. That prior trio is all Five Dollar notes making this \$10 the first available. The note is quite stunning for the grade with just a flurry of light vertical folds largely making up the circulation. Original paper is observed throughout and the note would certainly have garnered an "EPQ," designation if not for a contemporary annotation at back right of center dated October 19, 1864 with mention by PMG in the comments section of the holder. Bold penned banking signatures and certainly a note that advanced New York collectors will keep careful watch on.

\$2,000-\$3,000

- 10484 New York, New York. \$50 1902 Date Back. Fr. 667. The First NB. Charter #29. PCGS Very Fine 20. An important high denomination on this significant First National Bank of New York, New York and the present example is seen with almost a solid banking serial number of 11110. Even circulation throughout and lovely banking signatures.
\$1,000-\$1,500

- 10485 New York, New York. \$20 1882 Brown Back. Fr. 494. The NB of Commerce. Charter #733. PMG Extremely Fine 40. This well centered \$20 Brown Back is seen with sharp signatures and excellent overall eye appeal. PMG Comments "Stain" which is a small stain in the left margin.
\$1,000-\$1,500

- 10486 New York, New York. \$1 Original. Fr. 380a. The Saint Nicholas NB. Charter #972. PCGS Very Choice New 25. A very pleasing Very Fine note shows with ample detail and merits the assigned grade. One of the more popular titled New York City banks. Seen with terrific large vanity signatures and a bright overprinted Type I treasury seal. Nicely margined and problem free for the grade.
\$2,000-\$3,000

- 10487 Port Jervis, New York. \$50 1929 Ty. 2. Fr. 1803-2. The First NB. Charter #942. PMG Choice Extremely Fine 45. A scarce Type II \$50 national and this appealing low charter example from Port Jervis shows just faint circulation. There has not been a Type II fifty offered on this charter at a major numismatic auction since 2009 where a Very Fine example brought \$805 in a October sale.
\$1,000-\$1,500

- 10488 Seneca Falls, New York. \$5 1865 Original. Fr. 394a. The First NB. Charter #102. PMG Very Fine 25 Net. Splits, Pinholes, Foreign Substance. A highly welcomed addition to the census as we show just two others listed. The other two, this note is also a Five Dollar denomination and quite similar in grade. Excellent overall appeal is mentioned with a look that would be fitting for a 30 grade although the problems listed by PMG likely impact the overall assessment. Still a charter that has not been included in a major numismatic auction since 2002, a much needed appearance.
\$2,000-\$3,000

- 10489 Tarrytown, New York. \$5 1875. Fr. 405. The Tarrytown NB. Charter #2626. PMG Very Fine 25. Even circulation and dark inks are noticed on this pleasing First Charter \$5 from this scarce Westchester County bank. The Tarrytown National Bank was chartered in February of 1882. This is just the twelfth note known from this large size only bank. The bank officer's signatures are nicely penned and bold. The last First Charter \$5 from this bank realized \$7050 in a November 2016 auction. The grading service mentions "Pinholes" on the back of the holder. While some are present they do very little to distract from the note's overall appeal.
\$5,000-\$7,000

- 10490 Troy, New York. \$10 1875. Fr. 416. The United NB. Charter #940. PCGS Very Fine 30. This early \$10 is just one of four first chartered period notes known, this being the third 1875 \$10. It is seen with excellent colors on both sides with good signatures of the cashier and president of the bank. PCGS comments "Small Edge Tears"
\$1,250-\$1,750

- 10491 Tuxedo, New York. \$5 1902 Plain Back. Fr. 606. The Tuxedo NB. Charter #11404. PMG Very Fine 20. One of just 10 large size notes from this Orange County that was chartered in July of 1919. The stamped bank officer's signatures remain bold along with the deep blue overprint inks. Even circulation and sound paper are also observed.
\$2,000-\$3,000

- 10492 West Seneca, New York. \$20 1929 Ty.1. Fr. 1802-1. The Seneca NB. Charter #12925. PMG Very Fine 30 EPQ. This evenly circulated Type-1 \$20 is just the fifth small size example to come forward from this scarce Erie County bank. Furthermore it is the highest graded small size example now known. The last offering of a small size note from this bank came back in 2011 where a Very Good note realized nearly \$1100. This nicely centered and bright note that earned PMG's EPQ designation should best that realization.
\$1,000-\$1,500

- 10493 Ayden, North Carolina. \$10 1929 Ty.2. Fr. 1801-2. First NB. Charter #13554. PCGS Very Good 10. Just 15 small size notes are known from this small Pitt County bank. This is one of only three Type-2 \$10s known from Ayden. Bold inks and sound paper are seen despite the level of circulation.
\$500-\$700

- 10494 Goldsboro, North Carolina. \$20 1902 Plain Back. Fr. 658. The NB. Charter #5048. Extremely Fine. With clean crisp paper, bold inks and just light traces of circulation this is the finest grade note we have seen from this scarce eastern North Carolina bank. In fact this is the highest grade large size note in the census for this charter. The stamped bank officer's signatures are light but still visible and traces of original embossing are still evident on the back of the note.
\$1,500-\$2,500

- 10495 Goldsboro, North Carolina. \$10 1902 Plain Back. Fr. 632. The NB. Charter #5048. Very Fine. This is the toughest of Goldsboro's two note issuing banks. This \$10 Plain Back is still bright for the grade with deep blue overprints. The paper is strong and amply margined though the bank officer's signatures are no longer present.
\$700-\$1,000

- 10496 Hickory, North Carolina. \$10 1929 Ty. 1. Fr. 1801-1. The First NB. Charter #4597. PMG Choice Uncirculated 64. A likable town name on this Catawba County charter and this note shows with nicely embossed overprints and pleasing margins. It seems the grade is only limited by a small nice at the left upper margin.
\$600-\$800

- 10497 Kinston, North Carolina. \$10 1902 Date Back. Fr. 618. The First NB. Charter #9085. PCGS Fine 15 Apparent. Small Repair Right of Center. This Lenoir County bank reports just 12 large and 4 small notes known. Boldly printed inks are seen on this evenly circulated \$10 Date Back. A small repair is seen near the title, just right of center.
\$1,000-\$1,500

- 10498 Wilmington, North Carolina. \$20 1882 VB. Fr. 581. The Murchison NB. Charter #5182. PMG Very Fine 15. A rare note for the state as this is one of just five \$20 Value Backs known for the state of North Carolina and the only one known from the Murchison National Bank. Darkly printed inks and even circulation is noted.
\$1,000-\$1,500

Wilmington \$50 Date Back

- 10499 Wilmington, North Carolina. \$50 1882 Date Back. Fr. 563. The Murchison NB. Charter #5182. PCGS Very Good 10 Apparent. Multiple Repairs. There are seven 1882 \$50 Date Backs known from the Tar Heel state. Five of those come from the Murchison National Bank of Wilmington. This example, while well circulated, displays strong details and bold blue overprint inks. Any North Carolina collectors should look at this note as a more affordable option for a very difficult type to obtain for the state. Edge and internal repairs are seen as mentioned by the grading service.
\$2,000-\$3,000

- 10500 Bellefontaine, Ohio. \$20 1882 Value Back. Fr. 581. The Peoples NB. Charter #2480. PCGS Very Fine 30 PPQ.** Locating attractive Value Backs from the 1882 series can be challenging and this appealing town name from Ohio is just that. Strictly original paper throughout along with light and even circulation.

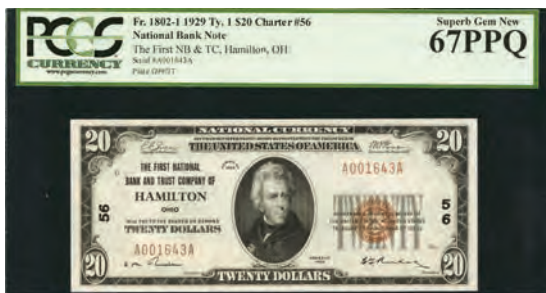

\$1,000-\$1,500

- 10501 Canal Dover, Ohio. \$50 1882 Brown Back. Fr. 512. The First NB. Charter #4331. PCGS Fine 15.** This bank was chartered in 1890 as the First National Bank of Canal Dover. A word was dropped on June 8, 1916, and it simply became the First National Bank of Dover. The presently offered \$50 1882 Brown Back is a pleasing example of a major rarity, not only from this bank where it is one of only two known, but in general, as relatively few large denomination Brown Backs exist. When they cross the block, there is a tremendous amount of bidding interest. We anticipate a lot of excitement when this comes up for sale.

\$4,000-\$6,000

From the Yuri Solovey Collection.

- 10502 Hamilton, Ohio. \$20 1929 Ty. 1. Fr. 1802-1. The First NB. Charter #56. PCGS Superb Gem New 67 PPQ.** An important high grade offering of this under 100 charter on Hamilton Ohio. The quality is remarkable throughout and the centering terrific.

\$600-\$800

- 10503 Harrison, Ohio. \$20 1902 Date Back. Fr. 643. The First NB. Charter #8228. PMG Extremely Fine 40.** This note is one of only four known large size on this Hamilton County charter and is the sole Date Back variety, with the other three being 1902 Plain Back notes. This appealing example shows strong inks and brilliant blue overprints. The signatures are absent and the last large size to sell from this bank with the present note which brought \$940 in our 2013 ANA sale.

\$1,000-\$1,500

- 10504 Hicksville, Ohio. \$20 1882 Brown Back. Fr. 499. The First NB. Charter #4867. PMG Extremely Fine 40 Net. Rust.** The initial appeal is that of a higher grade with light even circulation, wonderful centering, and sharp design detail. A new addition to just 13 known large size per Track and Price and this is now one of three known Brown Backs and certainly the finest among that trio. Some rust at the lower right center is all that detracts on this Defiance County offering.

\$600-\$800

- 10505 Ironton, Ohio. \$5 1902 Red Seal. Fr. 587. The First NB. Charter #98. PCGS Very Fine 25.** Impressively bold red overprints are welcomed on this First National Bank of Ironton 1902 \$10 note. Seldom available and certainly a note that will enhance any collection.

\$700-\$900

- 10506 Marion, Ohio. \$10 1902 Red Seal. Fr. 613. The Marion NB. Charter #6308. PCGS About New 53PPQ. Of the dozen or so red seals known on this bank, this is the finest certified. Strictly original paper surfaces and excellent signatures are observed.

\$1,000-\$1,500

- 10507 Mansfield, Ohio. \$100 1882 Date Back. Fr. 571. The Citizens NB. Charter #2577. PMG Very Fine 20. All large size national banknotes of this denomination are scarce and this Mansfield Ohio note is no exception with this note becoming just the eighth known on this first title. Mostly even circulation keeps the appeal strong with bold penned signatures at the banking titles and deep blue overprinting. Certainly a note that would stand out in any collection of Ohio National Banknotes.

\$6,000-\$8,000

Gorgeous First Charter \$20

- 10508 Newark, Ohio. \$20 1875. Fr. 434. The First NB. Charter #858. PCGS Choice About New 58. A stunning 1875 \$20 that displays dark inks, white paper, and bold signatures. The back depicts the *Baptism of Pocahontas*. First Charter twenties are scarce in all grades but are down right rare in grades AU or higher. All that prevents this note from a higher grade is a light corner fold into the design.

\$10,000-\$15,000

- 10509 Utica, Ohio. \$50 1929 Ty. 1. Fr. 1803-1. The First NB. Charter #7596. PMG Choice Uncirculated 64 EPQ. An impressive example of this Licking County town of Utica and one of just 17 known small-size. With only two large notes known this impressive high denomination 1929 notes are an attractive alternative to illustrate the bank. This piece is pack fresh with near Gem quality and a pleasing serial number of A000100A.

\$1,000-\$1,500

Dewey \$10 Red Seal - Indian Territory

10510 Dewey, Oklahoma, Indian Territory. \$10 1902 Red Seal. Fr. 614. The First NB. Charter #8270. PMG Very Fine 30. We are delighted to add another national banknote to the territorial census. This note came to light in April of 2017 residing in Florida. It was consigned directly by one of the descendants of the signing cashier. Dewey was originally settled by Jake Bartles from nearby Bartlesville. Bartles owned and operated a general store and hotel in Dewey starting in the late 1890s. But it was oil that gave Dewey the population and resources needed to officially incorporate, and it did so in December of 1905. The First National Bank was up and running by May the following year. The bank prospered along with the town. This charter issued red seals, blue seals, and made it all the way through the national bank currency era. Until this

discovery, the most exciting note from this Dewey bank was a VF blue seal. Needless to say, this territorial red seal has left all other state issued notes in its rear-view. PMG notes splits and pinholes, both of which are to be expected from a note that anecdotal evidence tells us was carried as a pocket piece by the cashier. It seems that territorials seem to get found at a rate of about five a year. The new discoveries tend to either be ugly with condition problems, or #1 notes that can cost \$75,000 or more. This Dewey note is a nice compromise for someone who wants a territorial with great eye appeal and rarity but who doesn't want to pay the going price for a #1 or condition rarity.

\$20,000-\$30,000

Newly Discovered Territorial Red Seal \$20

- 10511 Mill Creek, Oklahoma. Indian Territory. \$20 1902 Red Seal. Fr. 639. The First NB. Charter #7197. Very Good.** One of the many rare nationals we are offering in this sale this evening. This \$20 is the loan Red Seal and only Territorial known on this scarce Johnston county bank. The bank opened its doors in April of 1904 and issued just 1000 Red Seal sheets. The bank then became a state hood when it began to continue to issue 1902 Date Back series notes. It continued to issue notes until the end of the National Bank Note era until 1935. The note has seen some strong circulation but is completely original, free from any repairs and still retains amazing signatures of the banks officers.
\$5,000-\$7,000

- 10512 Pawhuska, Oklahoma. \$20 1929 Ty. 1. Fr. 1802-1. The Citizens NB. Charter #7883. Very Fine 25.** A desirable Pawhuska national from Osage County and a new addition to a previous six recorded small-size per Track & Price. A small-size example on this charter has not been offered at a major numismatic auction since 2008 making this offering all the more important to collectors. PMG mentions "Pinholes," in the comments section of the holder.
\$600-\$800

- 10513 Shawnee, Oklahoma. \$10 1902 Plain Back. Fr. 635. The Federal NB. Charter #12339. PMG Very Fine 20.** A sorely needed addition to the census with just a prior trio of large size notes known, with all being 1902 \$10 plain backs as well. This Very Fine offering is right at the average in grade of the now four known and shows with even circulation throughout. Faded signatures are mentioned and quite typical at this grade level for these 1902 notes. The last large size to sell publicly was a PCGS Very Fine 30 note which brought \$2,990 in a January 2012 sale.
\$1,250-\$1,750

High Grade Type 2 \$50

- 10514 Brookville, Pennsylvania. \$50 1929 Ty. 2. Fr. 1803-2. The NB. Charter #3051. PCGS Very Choice New 64 PPQ.** Production for both the \$50 and \$100 denomination was extremely limited nationwide for this 1929 Type II notes. They are scarce in all grades and rare at these Choice Uncirculated levels. Of the small handful of \$50 notes on the bank, this A000122 numbered note is the finest certified available.
\$5,000-\$7,000

Rare Charter 14071 Jefferson, PA Small Size

- 10515 Jefferson, Pennsylvania. \$20 1929. Ty.2. Fr. 1802-2. Codorus NB. Charter #14071. PMG Choice Extremely Fine 45.** This is the first auction appearance from this charter in over 25 years! Missing from nearly all collections as just six notes were reported to the current census prior to this discovery. The notes known are serial numbers 1-6 from a type 2 sheet of \$5's. This \$20 was recently discovered and will most certainly excite the National Bank Note collecting community as charter 14,000's are highly desirable as they were the last notes to be issued during the during the National Bank Note era . This note faces up nicely with light signs of handling. There are a couple specks of rust located on the back and is mentioned by PMG "Minor Rust".
\$6,000-\$8,000

- 10516 Lebanon, Pennsylvania. \$5 1875. Fr. 401. The Valley NB. Charter #655. PMG Very Fine 25.** A lovely example of this loan 1875 Five from this Lebanon county bank. Seen with excellent colors, signatures and eye appeal it is relatively problem free save for some "Minor Repairs, Pinholes" that are mentioned by PMG.
\$1,250-\$1,750

- 10517 Montrose, Pennsylvania. \$5 1875. Fr. 405. The First NB. Charter #2223. PMG Choice Uncirculated 63 EPQ.** A rare first title variety on this Susquehanna County charter with this serial number 1811 Five Dollar being the lone first charter period note available to collectors per the Track & Price census. The grade is remarkable as well with these early design types typically being found in Fine states of preservation. Terrific clarity of the ornate design at both face and back and original paper is certainly welcomed. It would seem just a tight border at the bottom left is the only limiting factor in grade.
\$4,000-\$6,000

Serial Number One New Castle Red Seal

- 10518 New Castle, Pennsylvania. \$5 1902 Red Seal. Fr. 587. The NB of Lawrence County. Charter #1156. PMG Very Fine 30 EPQ. Serial Number 1.** A remarkable new addition to a previous total of just 19 known large size. This number one also becomes just the first known red seal on the charter and aside from a pair of \$100 brown back notes can easily be considered the most desirable. Strong original embossing of the overprints is easily seen through the holder and the circulation is very even which keeps appeal high for the assigned grade. A significant discovery on Pennsylvania and certainly an offering that will excite collectors.
\$5,000-\$7,000

- 10519 Oil City, Pennsylvania. \$10 1882 Value Back. Fr. 545. The Oil City NB. Charter #5240. Very Fine. A well centered and boldly printed example of this scarce Value Back type \$10. While 36 notes are known according to Track and Price just two of those are Value Backs. This pleasing example is seen with good signatures and ink tones throughout. For accuracy, there are couple light areas of stains on the back.
\$800-\$1,200

- 10520 Philadelphia, Pennsylvania. \$20 1929 Ty. 1. Fr. 1802-1. The First NB. Charter #1. PMG Choice Uncirculated 63 EPQ. An always important charter number one offering on this First National Bank of Philadelphia. This example shows with fully original paper and retains the strong embossing of the overprints these 1929 nationals are known for. An essential piece to any comprehensive collection of National Currency.
\$1,000-\$1,500

- 10521 Philadelphia, Pennsylvania. \$1 1875. Fr. 385. The Mechanics NB. Charter #610. PMG Extremely Fine 40. One of the more pleasing available 1875 aces for this City of Philadelphia. Seen with the initial appeal of an AU example with strong original paper and some of the most pleasing embossing we have handled for the type. Terrific penned signatures. A note which surely will be actively pursued by collectors seeking quality for this popular charter.
\$1,500-\$2,500

- 10522 Philadelphia, Pennsylvania. \$10 1882 Brown Back. Fr. 484. The Quaker City NB. Charter #4050. PCGS Choice About New 58. The circulation is subtle enough on this well centered \$10 brown back that we cannot determine the location when looking through the holder. Remarkable and detail be easily observed in the form of precise impressions of both the face and back, pleasing signatures and great centering.
\$2,000-\$3,000
From the Yuri Solovey Collection.

- 10523 Pleasant Unity, Pennsylvania. \$20 1929. Ty.1. Fr. 1802-1. The Pleasant Unity NB. Charter #6581. PMG Very Fine 25. This newly discovered note makes just eight total small size examples known to the collecting community. Showing only average circulation and a lower serial number E000007A.
\$800-\$1,200

- 10524 Pittsburgh, Pennsylvania. \$100 1929 Ty. 1. Fr. 1804-1. The Farmers Deposit NB. Charter #685. PMG Gem Uncirculated 65 EPQ. Fully Gem examples of this \$100 denomination are scarce with any charter considered. This piece retains lovely appeal and nice centering. A great fit for any type collection.
\$1,000-\$1,500

- 10525 Pottsville, Pennsylvania. \$10 1882 Brown Back. Fr. 480. The Miners' NB. Charter #649. PMG Very Fine 25. Mostly even circulation on this Schuylkill County Brown Back aside from a few margin tears which are mentioned by PMG in the comments section of the holder.
\$500-\$700

- 10526 Rockwood, Pennsylvania. \$10 1902 Plain Back. Fr. 633. The First NB. Charter #5340. Very Fine. A new addition to a previous four known large-size on this Somerset County town of Rockwood. Just two banks issued National Currency in the town with the other being the Farmers and Merchants National Bank, a charter even more challenging for large-size with just two notes known. This attractive Very Fine offering on the First National Bank retains bold signatures and mostly even circulation, save for a few minor edge nicks and a bit of foreign substance at back.
\$1,000-\$1,500

- 10527 Slatington, Pennsylvania. \$5 1875. Fr. 401. The NB. Charter #2293. Extremely Fine. This peach \$5 First Charter example which is seen with excellent centering, ink tones, paper quality and signatures is perfect for the grade. Text book three fold EF with not distracting qualities. This is just the fourth reported \$5 1875 on this bank.
\$2,000-\$3,000

- 10528 Tunkhannock, Pennsylvania. \$2 1865. Fr. 387b. The Wyoming NB. Charter #835. PMG Choice Fine 15. An important Two Dollar discovery that makes just three known first charter notes for this Wyoming County charter. A scant 7 other later series notes complete the large size total per Track and Price and this Choice Fine "Lazy Deuce," can certainly be considered the most desirable of those 10 pieces. Very pleasing centering is worthy of mention as this design typically is found with narrow to non-existent borders.
\$3,000-\$5,000

- 10529 York, Pennsylvania. \$10 1882 Brown Back. Fr. 480. The York NB. Charter #604. PCGS Very Fine 30. Excellent margins and eye appeal are seen on this gorgeous \$10 Brown Back.
\$600-\$800

- 10530 Wayne, Pennsylvania. \$5 1902 Plain Back. Fr. 609. The Main Line NB. Charter #12504. Very Fine. It has been nearly 12 years since an example from this Large issuing only bank has been offered in public auction. Grading a pleasing Very Fine, this note is seen with completely original paper and strong signatures. There are few small areas rust spots on the face on this otherwise problem free note.
\$2,000-\$3,000

- 10531 Centreville, Rhode Island. \$5 Original. Fr. 397a. The Centreville NB of Warwick. Charter #1284. PMG Very Fine 25. There are just nine large notes reported on this scarce Kent county bank. This newly discovered original \$5 is unique for the denomination and arguably the finest for the entire bank. The eye appeal is superb as is the sharp penned signatures. It has been 16 years since any large size note has been offered on the auction block.
\$5,000-\$7,000

- 10532 Chester, South Carolina. \$5 1929 Ty. 1. Fr. 1800-1. The Peoples NB. Charter #10663. PMG Choice Uncirculated 64 EPQ. A note from a small trove of Uncirculated examples on this County Seat town of Chester. Locating Uncirculated South Carolina nationals on any charter is a challenge. After careful examination we are curious as to why a Gem grade was not applied by PMG as the centering is certainly worthy of such a designation.
\$600-\$800

Serial Number 1 Deadwood, SD \$10 Brown Back

Lot 10533

10533 Deadwood, South Dakota. \$10 1882 Brown Back. Fr. 487. The American NB. Charter #4983. PCGS Very Fine 30 PPQ. Serial Number 1. Probably once a year we auction a national banknote that would sell itself with simply a picture and not a single word from us. This is that note for 2017. It came to us from a Pennsylvania estate with a group of other lightly circulated but nondescript large size notes. One can only assume that decades ago a collector was at the right place at the right time when this Western trophy made its way out of a banking family's holdings. Being that it is from the first sheet of currency issued by The American National Bank of Deadwood, it seems likely that the note was personally saved by either the cashier Ben Baer or by the president Harris Franklin (more on them later).

Deadwood has a well-documented and colorful history. Thanks to former residents like Wyatt Earp, Wild Bill Hickok, and Seth Bullock, among others, the town ranks in terms of national recognition with cities like Tombstone and Dodge City for its Old West lore. And unlike Dodge City, for which notes don't exist from its glory days, or for Tombstone, where nationals were not issued until the 20th century, banknotes from 19th century Deadwood, while few and far between, are out there. Counting this discovery, about a dozen notes, from all Deadwood banks combined, can trace their issue date to before 1900. The note offered here is just as rare as any of that dozen. It is the second survivor to be documented from The American National Bank of Deadwood. Since it is from the first sheet of banknotes issued, we can be certain that its release date was 1894, the same year as the charter date. The American National Bank was the last of four national banks to charter in Deadwood. However, by the time The American NB nationalized, The Merchants National Bank and The National Bank of Deadwood had already opened and closed, leaving behind just four documented banknotes between those two short-lived charters. The American National Bank was managed much better, but it did close in 1905 after issuing just 2,905 sheets of \$10 and \$20 brown backs. The other survivor from this charter is from the same first sheet of currency. It is listed without a grade and has never appeared at auction. It is included in the census with a different plate letter. While slight, that is the only piece of evidence to suggest that it is not the same note here.

The American National Bank of Deadwood was organized as a collaboration between Jewish pioneers and entrepreneurs Harris Franklin and Ben Baer. The two men had a business relationship dating back to about 1878 when they were engaged in the liquor and cigar wholesale business in nearby Rapid City. Over their lives, other joint business ventures would include cattle, mining, railroads, hotels, and of course banking. So close were the two that The American National Bank was locally referred to as The Franklin and Baer Bank. Franklin came to Deadwood full time in 1878. He helped change the face of the town from a lawless frontier into a place of serious business. He would ultimately become mayor, the wealthiest man in town, and a figure whose legacy can be seen walking the streets of Deadwood today. As an interesting side note, in 1902 Harris Franklin purchased a controlling interest in The First National Bank of Deadwood. It appears that starting in 1902 he became president of The First National Bank while his son Nathaniel Franklin was still the cashier of The American National Bank. When they shut down The American National Bank in 1905, Harris became the figurehead president of the FNB, while Nathaniel officially ran the FNB. Brown backs exist from The First National Bank (Ch. 2391), some with Harris as president and others with Nathaniel as president.

We reiterate again how very fortunate we are to be able to offer this relic of Old West history for auction. It took 123 years for this banknote to surface for bidding to the public, and it will likely be decades longer until a similarly special Deadwood piece trades hands again.

\$60,000-\$80,000

10534 Deadwood, South Dakota. \$20 1882 Date Back. Fr. 555. The First NB. Charter #2391. PCGS Very Fine 30 PPQ.
A pretty 1882 \$20 Date Back which appears to be the only and finest large size example on this bank. The note is seen

with superb paper originality, signatures and eye appeal. Our estimate should prove towards the conservative side.

\$3,000-\$5,000

Breathtaking Spearfish, SD \$10 Red Seal

10535 Spearfish, South Dakota. \$10 1902 Red Seal. Fr. 614. The American NB. Charter #8248. PMG Choice Very Fine 35. We are pleased to auction another great South Dakota trophy. While the #1 Deadwood will almost certainly sell for more money, this Spearfish red seal is equally important and impressive. Originally called Queen City, the history of Spearfish dates to 1876 when it was formed during the Black Hills gold rush. Spearfish's early days were as an agricultural community that supplied bustling Deadwood, just 15 miles away, with food for the gold miners. Today Spearfish is recognized as a destination for outdoor enthusiasts and road-tripping tourists.

National banknote collectors can agree that Spearfish is probably the best named issuing location on South Dakota. The town had two national banks. The earlier brown back only charter is completely unreported. There are two other notes known to exist on The American National Bank. One is a blue seal that is firmly impounded in The Higgins Museum. The other is a Serial Number One Red Seal that has no auction history and its whereabouts are unknown to your cataloger. We are in a collecting environment right now where most great new discoveries get placed privately in advanced multi-million dollar collections or are found in a condition that requires restoration and prevents them from having that all so wonderful combination of grade and rarity. The red seal offered here was discovered in a California estate, sent

for grading, and is now available for sale. It was completely unknown to the collecting community and surely comes as a pleasant surprise for SD and red seal collectors. Since the note clearly never entered circulation, it would be fair to theorize that the note owes its survival to its serial number. It is from the first shipment of currency the newly formed American National Bank received from the Bureau of Engraving and Printing in 1906. The winning bidder could research further, but this serial #100 note could have been from the last sheet in that first shipment. Perhaps a banker or history conscious citizen tucked away the #1 and #100 note at the same time. One could speculate further that the presence of the much less frequently encountered signature of a vice-president means that we owe the note's survival to his thoughtfulness. The exact details will likely never be known. However, the two pinholes noted by PMG that can be found in the upper margin suggest that this note was once displayed for viewing by a proud owner at some point in its history. The three vertical folds are almost certainly just from storage. And of course the cherry red seal and crisp pen signatures are just additional highlights. You would be hard-pressed to find a more attractive, desirable, or rare red seal from any location. Don't let this opportunity slip away; "full package" notes like this are hitting the auction block with less and less frequency.

\$15,000-\$25,000

- 10536 Knoxville, Tennessee. \$5 1882 Brown Back. Fr. 472. The Holston NB. Charter #4648. PMG About Uncirculated 55. A fascinating uncut pair of \$5 Brown Backs from this Knoxville bank that was chartered in October of 1891. These fives were printed four to a sheet and 15,875 sheets were printed. Uncut pairs like this are rarely seen, especially on southern banks. The two notes here display darkly printed inks, bright paper and original embossing. The bank officer's signatures are neatly penned and legible. Just a couple of light sheet folds are seen along with a small remnant, possibly from mounting, on the back bottom right corner for which the grading service commented "Minor Foreign Substance." An interesting piece of Tennessee banking history and a great Knoxville item.

\$4,000-\$6,000

Finest Available First Charter Tennessee Five

- 10537 Memphis, Tennessee. \$5 1875. Fr. 402. The State NB. Charter #2127. PCGS New 61 PPQ. A wonderful Tennessee First Charter \$5 that is one of only two such notes known in Uncirculated condition for the entire state. The other example, from the Stones River National Bank of Murfreesboro, lies in an institutional collection and is unavailable to the collecting public. The presently offered note is beautifully printed in bold inks with deep red overprints. The bank officers' signatures are neatly penned and well presented. All of the first charter notes that we can trace from this early Memphis bank feature a tight New England style trim as this note does. Essentially Choice in every way as the cut is as intended. One of the best Tennessee nationals we have seen in some time.

\$6,000-\$8,000

- 10538 Nashville, Tennessee. \$20 1902. Fr. 653. The Cumberland Valley NB. Charter #9659. Very Fine.** This newly discovered note makes just eight notes reported and is just the third example to ever hit the auction block. Grading a pleasing problem free Very Fine.
\$1,250-\$1,750

- 10539 Galveston, Texas. \$20 1902 Red Seal. Fr. 641. The City NB. Charter #8899. PMG Very Fine 25.** At a glance, this just looks like a nicer grade red seal from a moderately rare Texas bank. But a few Texas national banknote scholars will probably know that this Galveston bank was organized by and run by the famous banker, insurer, and philanthropist, William Lewis Moody Jr. In fact, the now famous Philpott-Moody Collection is only in existence today thanks to the Moody family, specifically Mary Moody Northern, who was the daughter of WL Moody Jr. As the story goes, in late 1960s two Texas paper money dealers were at a show and happened to have an uncut sheet of red seals on this Galveston bank. In a roundabout way they came to learn that Mrs. Northern was an interested buyer of paper money signed by her father. The sheet was then immediately sold to her for approximately \$3,000, which was of course a significant sum of money for any currency item in that time period. A few years passed and the same dealers were in a position to buy the famous William A. Philpott Collection. Mr. Philpott was for 50 years the secretary of The Texas Bankers Association. He was just about the only collector with means and connections who was collecting large size nationals during their original time of issue. He assembled the very best collection of second and third charter TX notes; many of which were high grade and are today very rare. The Philpott collection was expansive and it included some more Moody signed Galveston banknotes; so the dealers went back to Mary Moody Northern to see if she would be interested in them. Not only did she buy the Galveston notes, she bought virtually the entire collection of thousands of banknotes. Having been born in 1892, many of the signors of the nationals were either old personal friends or former banking colleagues of her father. So it is because of the Moody family's banking history that the now fabled Philpott collection is still intact with so many wonderful items. The \$20 red seal we are offering tonight, based on reported serial number data in the census, would be the earliest known banknote bearing the signature of WL Moody Jr. Texas specialists and national banknote historians will surely take note of this important offering.
\$2,000-\$3,000

- 10540 San Antonio, Texas. \$50 1902 Plain Back. Fr. 682. The Frost NB. Charter #5179. PCGS Very Fine 25. This \$50 1902 design is often underrated as the 1882 notes of the same denomination just have a strong visual impact. None the less these notes are scarce with any charter considered and attractive problem free examples such as this Frost National Bank of San Antonio are quite the treasure.
\$1,000-\$1,500

- 10542 Lyndon, Vermont. \$1 Original. Fr. 380a. The NB. Charter #1140. PMG Very Fine 25. One of the nicer notes known for this Caledonia county bank.
\$1,250-\$1,750

Newly Discovered City National Bank Texarkana Red Seal

- 10541 Texarkana, Texas. \$10 1902 Red Seal. Fr. 613. The City NB. Charter #7392. PMG Very Fine 20. This note is a new discovery to a previous three known in the Track and Price census. All are 1902 Red Seal notes with this Very Fine note becoming the finest of the quartet with a pair of Fine graded notes below it. Still bold penned signatures in pink are seen and mostly even circulation throughout. PMG mentions "Rust Lightened," in the comments section of the holder although we cannot determine the location. The last to sell publicly was a PCGS Fine 15 graded \$20 note which brought \$3,055 in a September 2013 sale.
\$3,000-\$5,000

Rare Fries, VA Large Size

- 10543 Fries, Virginia. \$5 1902 Plain Back. Fr. 609. The First NB. Charter #12290. PMG Very Fine 25. This newly discovered \$5 Plain Back is the finest of two large size known for this excessively rare Grayson county bank. The bank opened its doors in early 1923 and lasted until the end of the National

Bank era. Just \$350 large remain outstanding so any notes known from this bank are near miracles of survival. The note is seen with excellent penned signatures and overall eye appeal.

\$8,000-\$12,000

- 10544 Lexington, Virginia. \$20 1929 Ty. 1. Fr. 1802-1. The Peoples NB. Charter #7173. Very Fine. Its been 13 years since a small size example has been offered in public auction. Grading a lovely Very Fine, this note is fully original with excellent eye appeal.

\$1,000-\$1,500

Previously Unknown Small Size- Martinsville, VA

10545 Martinsville, Virginia. \$10 1929 Ty. 1. Fr. 1801-1. The Peoples NB. Charter #9847. PMG Very Fine 25. A pleasing discovery as before tonight no small size have been reported

to the current census. The note is seen with couple of small internal tears which are mentioned by PMG.

\$7,000-\$9,000

10546 Scottsville, Virginia. \$10 1929 Ty. 2. Fr. 1801-2. The Scottsville NB. Charter #5725. Very Fine. A difficult Albemarle County charter and this Very Fine offering has better initial appeal than the grade would suggest. A new addition to a previous 10 listed small size notes per the Track and Price census. A small internal tear at the right of the portrait is mentioned for accuracy.

\$800-\$1,200

Rare Serial Number 1 Washington Red Seal

10547 Bellingham, Washington. \$10 1902 Red Seal. Fr. 613. The First NB. Charter #7372. PCGS Extremely Fine 45 PPQ. It is well documented that Washington is a rare state for red seals. The current census lists just 27 known examples. This Bellingham red seal we are offering tonight brings that total to 28 pieces, with this being just the fourth Serial Number 1 Red Seal known on the entire state. It was not known to collectors until it was discovered in a Bellingham estate this February. While this area of Washington has a long history of thriving communities, the town of Bellingham itself wasn't incorporated until November of 1903. It took just nine months after that for The First National Bank to nationalize. Bellingham would ultimately become home to three different national banks, all of which were chartered during the red seal period. This serial number one note is from the earliest charter. So not only is it best note on the town by leaps and bounds, it is also the very first piece of national currency

issued by a Bellingham bank. We were lucky enough to handle the note before it was graded, and if there was a qualifier beyond PPQ, then this red seal surely would have been a recipient. Deep punch-through embossing is clearly present on the charter number, seal, and serial number. Three vertical folds only confirm that someone violated the advice of "don't spend and don't bend it". But at least they got the more important part of that rule correct.

It is always difficult to try and estimate what a note of this magnitude should sell for in the open market. Outside of territorials, you would be hard-pressed to find a Washington national that checks more boxes. It is easy to make a case that this new discovery easily ranks as one of the top three best red seals known on Washington, a state that has many serious and active collectors.

\$40,000-\$60,000

- 10548 Everett, Washington. \$20 1929 Ty. 1. Fr. 1802-1. The First NB. Charter #4686. PMG Gem Uncirculated 66 EPQ. This impressive Washington State note will certainly grab the attention of collectors as there are simply not many Gem examples of any charter available. Showing as nicely as when printed and also with large even borders.

\$800-\$1,200

Newly Discovered Tacoma Washington 1882 Brown Back

- 10549 Tacoma, Washington. \$5 1882 Brown Back. Fr. 471. The Pacific NB. Charter #3417. PMG Very Fine 30. A highly welcomed addition to a previous six known Brown Back statehood notes with this bright mid-grade example fitting in nicely with the other known conditions. Two highly rare and coveted Territorial notes are known from this charter as well with both being 1882 Five Dollar brown backs. There has not been an offering of a higher grade example of this type on the charter since a 2006 offering where another Five Dollar brown back brought \$14,950 in an Extremely Fine grade. Certainly this note will be met with strong interest from west coast collectors.

\$6,000-\$8,000

Exceptional La Crosse 1875 “Lazy Deuce” Offering

- 10550 La Crosse, Wisconsin. \$2 1875. Fr. 391. The La Crosse NB. Charter #2344. PMG About Uncirculated 55. These Two Dollar national banknotes are among the most highly sought after designs in the collectible banknote world and this example is one of the most bold we have encountered. Precise detail throughout is observed and great centering gives this note the look of a Gem offering. From a known trove of these “Lazy Deuce,” notes on this County Seat locale and always a type that stands out within any collection.

\$10,000-\$15,000

- 10551 La Crosse, Wisconsin. \$2 1875. Fr. 391. The La Crosse NB. Charter #2344. PCGS Choice About New 55. Available to the collecting community thankfully because of a small hoard of \$1 and \$2 notes. Full margins and bright red overprint and inks are seen on both sides. Nice penned signatures contrast nicely against the bright white and original paper. One of the nicer “Lazy Deuces” one will see in this grade.

\$10,000-\$15,000

Terms & Conditions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Non-conforming bids will be rounded down to the nearest full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone Bidder

and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than \$500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer's Premiums. A premium of seventeen and one-half percent (17 1/2%) based upon the total amount of the hammer (minimum of \$15), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. Payments may be made by credit card, Paypal, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding \$10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of \$35. On any past due accounts, Stack's Bowers reserves the right, without notice, to extend credit and impose carrying charges (as described below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full

Terms & Conditions (cont.)

of all amounts owed to Stack's Bowers. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally jointly and severally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California and New York without a valid Resale Certificate which has been provided to the Auctioneer prior to the auction. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of: (i) One Thousand Dollars (\$1,000), for auctions held in Maryland, are exempt from Maryland sales tax, and (ii) One Thousand Five Hundred Dollars (\$1,500) are exempt from California sales tax. These exemptions do not apply purchases of currency. Purchases of coins and currency are exempt from sales tax in Illinois. Although the State of Colorado exempts retail sales of coins and precious metal bullion from states sales tax, the City of Denver imposes a 3.65% sales tax on the retail sale of coins and precious metals bullion. The retail sale of tokens, medals, currency or anything that is not a coin is subject to both a 4% Colorado state tax and the Denver 3.65% tax, for a total of a 7.65% sales tax. Please note, this is not, and is not intended to be, a complete description of applicable sales tax laws in all jurisdictions. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority.

8. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, seller's fees, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to

assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of \$10). For any lots delivered outside the United States, the declaration value shall be the item's hammer price plus its buyers premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AUTHENTICITY, AND PROVENANCE OF A LOT.

a. COINS AND CURRENCY LISTED IN THIS CATALOG GRADED BY PCGS, NGC, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE OR EXAMINED BY THE BUYER PRIOR TO THE AUCTION SALE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER, EXCEPT FOR CLAIMS RELATED TO AUTHENTICITY.

b. For non-certified coins and currency that have not been examined by the Buyer prior to the Auction Sale: if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or currency or the coin or currency is not authentic, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence.

Terms & Conditions (cont.)

c. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

d. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

e. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

f. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

g. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

h. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

i. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

j. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be uninterrupted, uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory interpleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct

thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.
